The statutory Amended Guidance issued made under section 182 of the Licensing Act 2003 suggests the following:

- The DPS is the key person who will usually be charged with day to day management of the premises by the premises licence holder.

And

- The DPS will provide an essential point of contact for police, fire officers or licensing authority officers so that problems can be dealt with swiftly.

I am objecting to this application on the grounds that the proposed Designated Premises Supervisor lives in Barking and is no position to react to anything requiring his presence. I have observed that the previous DPS, Mr Gandhi, on numerous occasions, still effectively running the shop and I am concerned that as the premise licence was revoked while the shop was under his control, he would be effectively be awarded his licence back. I tentatively suggest that if the licence were to be granted the issues that caused the licence to be revoked previously would resurface.

**For New / Variation Applications only.
It is recommended that the licence should only be granted if the application is amended, or if conditions are applied, as detailed below.**
