

**Planning Application Reports – Update Notes**

Listed below are changes to the planning reports made as a result of additional information received since the publication of the agenda for this meeting.

<b>Case:</b> Year:	<b>Address:</b>	<b>Update:</b>
16/0171	South Pier, Promenade, Blackpool	<p>An additional objection has been received from Ms K Cubbins, Utopia, Kepple Lane, Garstang - I object to the planning application for the log flume ride the above application number. The photos of the mouse are a reference as to why object. I.E the site caravans, the mess, the portaloos the image it portrayed. The mouse being run - operated by the same organisation on the same site gives me reason to believe members of the public will be at the same risk of health and safety, environmental health, Along with the fact that this is damaging to the image of Blackpool. And will affect local tradesmen.</p> <p>Why would the Council pass such application from this organisation when I have presented the Council with these images on several occasions?</p> <p>The ride also does not comply with the Blackpool local plan that states that rides are permitted on the pleasure Beach the piers except the deck of North pier and except the promenade</p> <p><b><i>Photos relating to the wild mouse ride which was temporarily sited to the north of South Pier earlier this year are appended to the update note</i></b></p>
