Commentary on the key issues:

Directorate Summary - basis

- The Revenue summary (above) lists the latest outturn projection for each individual service categorised as falling 'outside the cash limit' and thereby exempt from the cash limited budget regime. Forecast outturns are based upon actual financial performance for the first 7 months of 2016/17 together with predictions of performance, anticipated pressures and savings in the remainder of the financial year, which have been agreed by each designated budget manager.

Treasury Management

- This revenue account is forecast to achieve a favourable variance of £1,203k for the year. This reflects the ongoing temporary windfall from the short-term interest rates currently being paid to finance recent capital expenditure.

Parking Services

- This service is forecasting a pressure of £250k. This figure reflects the ongoing challenging income target of £6,262K. As at Week 31 (w/e 30th October) parking income is at £3,967k with patronage at 978,884. Car park patronage is down by 11,838, however income is up by £25,064 on 2015/16. On-Street Pay and Display is down on patronage by 8,617 with income down by £12,051.

Subsidiary Companies

- This service is now forecasting a favourable variance of £138k. This change is due to the reducing balance payback of prudentially borrowed schemes.

Concessionary Fares

- This service is forecasting a pressure of £499k, which mainly relates to the ongoing pressure arising from increased bus patronage and the impact of fare increases.

Land Charges

- This service is forecasting to break-even during 2016/17.

Summary of the revenue forecasts

After 7 months of the financial year, the Budgets Outside the Cash Limit services are forecasting a £592k underspend.
