

Appendix 4b: Ward Councillors' representation

Morning Sharon

As ward councillors Luke Taylor and myself want to object to the license application from Pizza Place on Vicarage Road this is based on two licensing objectives Prevention of crime and disorder We have concerns that young people doing these deliveries could be targeted if it is known that they are carrying alcohol, whilst they could only be carrying small amounts of alcohol they could still be at risk Prevention of harm to children It will be almost impossible for the delivery person to ensure that they are not handing the alcohol to underage young people and if they refuse to hand over the alcohol they could be at risk (linked to above crime and disorder) We all know to what lengths some young people will go to get their hands on alcohol we should not allow deliveries that put the responsibility for checking age and identification onto the person (usually a young person themselves) doing the delivery.

We would therefore ask the Council to refuse this application, should this go to a hearing we will be prepared to expand on the concerns that we have put forward

Regards Cllr Adrian Hutton
