

## Appendix 4b

31 JUL 2017

Licensing Services  
Blackpool Council .

We wish to object to the Licence application which has been submitted by Lindsey Whiteside for the property 80-82 Dickson Road FY12BU .

Between Talbot Road and Cocker Street there are eight night clubs and bars which are all open till early hours of the morning.

This area now has a large problem with drunken behaviour , drugs and begging . My wife and myself have worked hard over the last 12 years to establish a respectable business and like many moor Hotels and Guesthouses in this area, we all have struggled to attract respectable people and families to return to Blackpool .

At the rear of our guesthouse is PEEK-A-BOOZE karaoke bar which has a licence until 2 am , when all the noise stops it is 3am . I and all other residence both business and residential feel there are enough, if not to many bars in our area , the council and the town have worked hard over the past years to revive Blackpool to what it should be, a fun place for all ages but we all feel Blackpool is being dragged down again and we the residence have to suffer .

Yours sincerely ,

Colin Gray    Marion Gray .
