## **5.0 Background Information**

- 5.1 The £3.8bn Better Care Fund (BCF) was announced in the June 2013 spending review. The key ambition of the Fund seeks to transform local services to ensure people are provided with better integrated care and support – which is joined-up, personalised and provided closer to home.
- 5.2 In order to access the Better Care Fund, every local area developed a locality plan aligned to the two-year operational and five year strategic plans of their Clinical Commissioning Group. Plans must also meet certain national conditions including a commitment to seven day working, better sharing of information and protection of social care services. Draft and final plans were approved by Health and Wellbeing Boards in February and April 2014 respectively before being take forward for ministerial sign off.
- 5.3 Following a ministerial review in April it was recognised that whilst many plans reflected the ambition of the Fund, certain aspects required further development as follows:
- More evidence of financial risk and performance metrics;
  - Sufficient provider engagement and agreement on the impact of plans;
  - Greater clarity around the alignment of the Better Care Fund plan to wider plans and policies, such as how Better Care Fund schemes will align with and work alongside primary care;
  - More evidence of robust finance and analytical modelling underpinning plans.
- 5.4 To address these requirements, NHS England has published updated guidance, revised plan templates and extended the timetable for revising and submitting locality plans.
- 5.5 Further to the previous update at the meeting on the 3<sup>rd</sup> September 2014, a presentation will update the Board as to the resubmission of the plan.
- 5.6 Does the information submitted include any exempt information? No
