

Lilo Charcoal Takeaway

This store had a follow-up visit on the 23rd of February 2018 to establish if they had taken on board previous advice.

Unfortunately, it did not appear any advice was taken on board, as the store was still unable to provide any paperwork to show and support that the correct Waste Management was in place.

Also further observations highlighted that smoking was still taking place within the store and the immediate adjacent food/freezer storage area (photo attached).

.photo obtained from inside food prep area.

Inside the store the licence holder, Mr Jaafar Mahmoud was asked to run a specific day's recording of images taken on the CCTV this was a Saturday the 17th of February 2018 6 days prior to the visit.

The photo below shows 5 date boxes highlighted in green, it was evident that recordings were available for the days highlighted in green but those dates that were not highlighted had no recordings available.

The Licence requires;

The premises are to be equipped with a closed circuit television system, which is appropriate to its purpose and provided and maintained to the satisfaction of the enforcement authorities.

When asked to refresh or update the system the Licence holder Mr Mahmoud showed a lack of basic knowledge to enable any sort of playback as the photo clearly shows only five days prior to the visit are highlighted showing as recorded.
