

27 OCT 2014

Mr. & Mrs Sutton

13th October 2014

To whom it may concern,
with regard
to the recent Beer Festival at
Morton Institute. We live at the
edge of the Bowling Green and
can honestly say that the noise
generated by the festival was in
no way excessive and did not
create a nuisance and are happy
that events at the club continue.

Yours faithfully

D Sutton
