4.0 **Background Information**

4.1 **Local policy considerations**

This premises is situated within Bloomfield which is one for four wards that form part of the off-licence saturation policy. The effect of this policy is to create a rebuttable presumption that applications in that area will be refused. To rebut this presumption, an applicant would be expected to show through the operating schedule, and where appropriate with supporting evidence, that the operation of the premises will not add to the cumulative impact already being experienced.

Applicants for licences within this area will be expected to cover the issues detailed below in their operating schedule. Failure to do so may result in the refusal of the application:

- Details of proof of age scheme to be implemented and proposals for staff training
- Percentage of premises to be used for the sale of alcohol, including details of other items to be sold
- The applicant's policy on the sale of low value/high alcohol products and any drinks discounting that would be adapted.

4.2 **National policy considerations**

9.12 – The police are an essential source of advice and information on the impact and potential impact of licensable activities, particularly on the crime and disorder objective. The licensing authority should accept all reasonable and proportionate representations made by the police unless the authority has evidence that do so would not be proportionate for the promotion of the licensing objectives.

9.42 – The authority's decision should be evidence-based, justified as being appropriate for the promotion of the licensing objectives and proportionate to what it is intended to achieve.

13.35 – After receiving relevant representations in relation to a new application for or a variation of a licence or certificate, the licensing authority must consider whether it would be justified in departing from its special policy in the light of the individual circumstances of the case... if the licensing authority decides that an application should be refused, it will still need to show that the grant of the application would undermine the promotion of one of the licensing objectives and that appropriate conditions would be ineffective in preventing the problems involved.

4.3 Observations
