

Overview

The Better Care Fund (BCF) quarterly reporting requirement is set out in the BCF Planning Requirements for 2017-19 which supports the aims of the Integration and BCF Policy Framework and the BCF programme jointly led and developed by the national partners Department of Health (DHSC), Ministry for Housing, Communities and Local Government (MHCLG), NHS England (NHSE), Local Government Association (LGA), working with the Association of Directors of Adult Social Services (ADASS).

The key purposes of the BCF quarterly reporting are:

- 1) To confirm the status of continued compliance against the requirements of the fund (BCF)
- 2) To provide information from local areas on challenges, achievements and support needs in progressing integration and the delivery of BCF plans
- 3) To foster shared learning from local practice on integration and delivery of BCF plans
- 4) To enable the use of this information for national partners to inform future direction and for local areas to inform delivery improvements

BCF quarterly reporting is likely to be used by local areas, alongside any other information to help inform HWBs on progress on integration and the BCF. It is also intended to inform BCF national partners as well as those responsible for delivering the BCF plans at a local level (including clinical commissioning groups, local authorities and service providers) for the purposes noted above.

BCF quarterly reports are submitted by local areas are required to be signed off by HWBs as the accountable governance body for the BCF locally and these reports are therefore part of the official suite of HWB documents.

The BCF quarterly reports in aggregated form will be shared with local areas prior to publication in order to support the aforementioned purposes of BCF reporting. In relation to this, the Better Care Support Team (BCST) will make the aggregated BCF quarterly reporting information in entirety available to local areas in a closed forum on the Better Care Exchange (BCE) prior to publication.

For 2018-19, reporting on the additional iBCF Grant (from the funding announced in the 2017 Spring Budget) is included in the BCF quarterly reporting as a combined template to streamline the reporting requirements placed on local systems. The BCST along with NHSE hosted information infrastructure will be collecting and aggregating the iBCF information and providing it to MHCLG. Although collected together, BCF and iBCF information will be reported and published separately. MHCLG aim to publish the additional iBCF information in 2018-19.

Note on entering information into this template

Throughout the template, cells which are open for input have a yellow background and those that are pre-populated have a grey background, as below:

Data needs inputting in the cell

Pre-populated cells

Note on viewing the sheets optimally

To more optimally view each of the sheets and in particular the drop down lists clearly on screen, please change the zoom level between 90% - 100%. Most drop downs are also available to view as lists within the relevant sheet or in the guidance tab for readability if required.

The details of each sheet within the template are outlined below.

Checklist

1. This sheet helps identify the data fields that have not been completed. All fields that appear as incomplete should be complete before sending to the Better Care Support Team.
2. It is sectioned out by sheet name and contains the description of the information required, cell reference for the question and the 'checker' column which updates automatically as questions within each sheet are completed.
3. The checker column will appear "Red" and contain the word "No" if the information has not been completed. Clicking on the corresponding "Cell Reference" column will link to the incomplete cell for completion. Once completed the checker column will change to "Green" and contain the word "Yes"
4. The 'sheet completed' cell will update when all 'checker' values for the sheet are green containing the word 'Yes'.
5. Once the checker column contains all cells marked 'Yes' the 'Incomplete Template' cell (below the title) will change to 'Complete Template'.
6. Please ensure that all boxes on the checklist tab are green before submission.

1. Cover

1. The cover sheet provides essential information on the area for which the template is being completed, contacts and sign off.
2. Question completion tracks the number of questions that have been completed; when all the questions in each section of the template have been completed the cell will turn green. Only when all cells are green should the template be sent to england.bettercaresupport@nhs.net

2. National Conditions & s75 Pooled Budget

This section requires the Health & Wellbeing Board to confirm whether the four national conditions detailed in the Integration and Better Care Fund planning requirements for 2017-19 continue to be met through the delivery of your plan. Please confirm as at the time of completion.

<https://www.england.nhs.uk/wp-content/uploads/2017/07/integration-better-care-fund-planning-requirements.pdf>

This sheet sets out the four conditions and requires the Health & Wellbeing Board to confirm 'Yes' or 'No' that these continue to be met. Should 'No' be selected, please provide an explanation as to why the condition was not met within the quarter and how this is being addressed. Please note that where a National Condition is not being met, the HWB is expected to contact their Better Care Manager.

In summary, the four national conditions are as below:

National condition 1: A jointly agreed plan

Please note: This also includes confirming the continued agreement on the jointly agreed plan for DFG spending

National condition 2: NHS contribution to social care is maintained in line with inflation

National condition 3: Agreement to invest in NHS-commissioned out-of-hospital services

National condition 4: Implementation of the High Impact Change Model for Managing Transfers of Care

3. National Metrics

The BCF plan includes the following four metrics: Non-Elective Admissions, Delayed Transfers of Care, Residential Admissions and Reablement. As part of the BCF plan for 2017-19, planned targets have been agreed for these metrics.

This section captures a confidence assessment on meeting these BCF planned targets for each of the BCF metrics.

A brief commentary is requested for each metric outlining the challenges faced in meeting the BCF targets, any achievements realised and an opportunity to flag any Support Needs the local system may have recognised where assistance may be required to facilitate or accelerate the achievement of the BCF targets.

As a reminder, if the BCF planned targets should be referenced as below:

- Residential Admissions and Reablement: BCF plan targets were set out on the BCF Planning Template

- Non Elective Admissions (NEA): The BCF plan mirrors the CCG (Clinical Commissioning Groups) Operating Plans for Non Elective Admissions except where areas have put in additional reductions over and above these plans in the BCF planning template. Where areas have done so and require a confirmation of their BCF NEA plan targets, please write into england.bettercaresupport@nhs.net

Please note that while NEA activity is not currently being reported against CCG Operating Plans (due to comparability issues relating to specialised commissioning), HWBs can still use NEA activity to monitor progress for reducing NEAs.

- Delayed Transfers of Care (DToC): The BCF plan targets for DToC should be referenced against your current provisional trajectory. Further information on DToC trajectories for 2018-19 will be published shortly.

The progress narrative should be reported against this provisional monthly trajectory as part of the HWB's plan.

This sheet seeks a best estimate of confidence on progress against targets and the related narrative information and it is advised that:

- In making the confidence assessment on progress against targets, please utilise the available published metric data (which should be typically available for 2 of the 3 months) in conjunction with the interim/proxy metric information for the third month (which is eventually the source of the published data once agreed and validated) to provide a directional estimate.

- In providing the narrative on Challenges, Achievements and Support need, most areas have a sufficiently good perspective on these themes by the end of the quarter and the unavailability of published metric data for one of the three months of the quarter is not expected to hinder the ability to provide this very useful information. Please also reflect on the metric performance trend when compared to the quarter from the previous year - emphasising any improvement or deterioration observed or anticipated and any associated comments to explain.

Please note that the metrics themselves will be referenced (and reported as required) as per the standard national published datasets.

4. High Impact Change Model

The BCF National Condition 4 requires local areas to implement the High Impact Change Model (HICM) for Managing Transfers of Care. This section of the template captures a self-assessment on the current level of implementation, and anticipated trajectory in future quarters, of each of the eight HICM changes and the red-bag scheme along with the corresponding implementation challenges, achievements and support needs.

The maturity levels utilised on the self assessment dropdown selections are based on the guidance available on the published High Impact Changes Model (link below). A distilled explanation of the levels for the purposes of this reporting is included in the key below:

Not yet established - The initiative has not been implemented within the HWB area

Planned - There is a viable plan to implement the initiative / has been partially implemented within some areas of the HWB geography

Established - The initiative has been established within the HWB area but has not yet provided proven benefits / outcomes

Mature - The initiative is well embedded within the HWB area and is meeting some of the objectives set for improvement

Exemplary - The initiative is fully functioning, sustainable and providing proven outcomes against the objectives set for improvement

<https://www.local.gov.uk/our-support/our-improvement-offer/care-and-health-improvement/systems-resilience/high-impact-change-model>

In line with the intent of the published HICM model self assessment, the self assessment captured via BCF reporting aims to foster local conversations to help identify actions and adjustments to progress implementation, to understand the area's ambition for progress and, to indicate where implementation progress across the eight changes in an area varies too widely which may constrain the extent of benefit derived from the implementation of the model. As this is a self assessment, the approaches adopted may diverge considerably from area to area and therefore the application of this information as a comparative indicator of progress between areas bears considerable limitations.

In making the self-assessment, please ensure that a representative range of stakeholders are involved to offer an assessment that is as near enough as possible to the operational reality of the area. The recommended stakeholders include but are not limited to Better Care Managers, BCF leads from CCGs and LAs, local Trusts, Care Sector Regional Leads, A&E Delivery Board representatives, CHIAs and regional ADASS representatives.

The HICM maturity assessment (particularly where there are multiple CCGs and A&E Delivery Boards (AEDBs)) may entail making a best judgment across the AEDB and CCG lenses to indicatively reflect an implementation maturity for the HWB. The AEDB lens is a more representative operational lens to reflect both health and social systems and where there are wide variations in implementation levels between them, making a conservative judgment is advised. Where there are clear disparities in the stage of implementation within an area, the narrative section should be used to briefly indicate this, and the rationale for the recorded assessment agreed by local partners.

Please use the 'Challenges' narrative section where your area would like to highlight a preferred approach proposed for making the HICM self-assessment, which could be useful in informing future design considerations.

Where the selected maturity levels for the reported quarter are 'Mature' or 'Exemplary', please provide supporting detail on the features of the initiatives and the actions implemented that have led to this assessment.

For each of the HICM changes please outline the challenges and issues in implementation, the milestone achievements that have been met in the reported quarter with any impact observed, and any support needs identified to facilitate or accelerate the implementation of the respective changes.

To better understand the spread and impact of Trusted Assessor schemes, when providing the narrative for "Milestones met during the quarter / Observed impact" please consider including the proportion of care homes within the locality participating in Trusted Assessor schemes. Also, any evaluated impacts noted from active Trusted Assessor schemes (e.g. reduced hospital discharge delays, reduced hospital Length of Stay for patients awaiting care home placements, reduced care home vacancy rates) would be welcome.

Hospital Transfer Protocol (or the Red Bag Scheme):

- The template also collects updates on areas' implementation of the optional 'Red Bag' scheme. Delivery of this scheme is not a requirement of the Better Care Fund, but we have agreed to collect information on its implementation locally via the BCF quarterly reporting template.
- Please report on implementation of a Hospital Transfer Protocol (also known as the 'Red Bag scheme') to enhance communication and information sharing when residents move between care settings and hospital.
- Where there are no plans to implement such a scheme please provide a narrative on alternative mitigations in place to support improved communications in hospital transfer arrangements for social care residents.

- Further information on the Red Bag / Hospital Transfer Protocol: A quick guide has been published:

<https://www.nhs.uk/NHSEngland/keogh-review/Pages/quick-guides.aspx>

Further guidance is available on the Kahootz system or on request from the NHS England Hospital to Home team through england.ohuc@nhs.net. The link to the Sutton Homes of Care Vanguard – Hospital Transfer Pathway (Red Bag) scheme is as below:

<https://www.youtube.com/watch?v=XoYZPXmULHE>

5. Narrative

This section captures information to provide the wider context around health and social integration.

Please tell us about the progress made locally to the area's vision and plan for integration set out in your BCF narrative plan for 2017-19. This might include significant milestones met, any agreed variations to the plan and any challenges.

Please tell us about an integration success story observed over reported quarter highlighting the nature of the service or scheme and the related impact.

6. Additional improved Better Care Fund - Part 1

For 2018-19 the additional iBCF monitoring has been incorporated into the BCF form. The additional iBCF section of this form are on tabs '6. iBCF Part 1' and '7. iBCF Part 2', please fill these sections out if you are responsible for the additional iBCF quarterly monitoring for your organisation, or geographic area.

To reflect this change, and to align with the BCF, data must now be entered on a HWB level.

The iBCF section of the monitoring template covers reporting in relation to the additional iBCF funding announced at spring budget 2017 only.

More specific guidance on individual questions is present on the relevant tabs.

Please find a list of your previous Quarter 4 2017/18 initiatives / projects on tab 'iBCF Q4 1718 Projects'.

Section A: Please ensure that the sum of the percentage figures entered does not exceed 100%. If you have not designated any funding for a particular purpose, please enter 0% and do not leave a blank cell.

Section B: Please enter at least one initiative / project, but no more than 10. If you are funding more than 10 initiatives / projects, you should list those with the largest size of investment in 2018-19.

7. Additional improved Better Care Fund - Part 2

Section C: The figures you provide should cover the whole of 2018-19. Please use whole numbers with no text, if you have a nil entry please could you enter 0 in the appropriate box.

Section D: Please enter at least one metric, but no more than 5.

Better Care Fund Template Q1 2018/19

1. Cover

Version 1.0

Please Note:

- The BCF quarterly reports are categorised as 'Management Information' and are planned for publishing in an aggregated form on the NHSE website. **Narrative sections of the reports will not be published.** However as with all information collected and stored by public bodies, all BCF information including any narrative is subject to Freedom of Information requests.
- As noted already, the BCF national partners intend to publish the aggregated national quarterly reporting information on a quarterly basis. At a local level it is for the HWB to decide what information it needs to publish as part of wider local government reporting and transparency requirements. Until BCF information is published, recipients of BCF reporting information (including recipients who access any information placed on the BCE) are prohibited from making this information available on any public domain or providing this information for the purposes of journalism or research without prior consent from the HWB (where it concerns a single HWB) or the BCF national partners for the aggregated information.
- This template is password protected to ensure data integrity and accurate aggregation of collected information. A resubmission may be required if this is breached.

Health and Wellbeing Board: Blackpool

Completed by: Jayne Bentley

E-mail: jayne.bentley@blackpool.gov.uk

Contact number: 01253-477433

Who signed off the report on behalf of the Health and Wellbeing Board: Karen Smith

Question Completion - when all questions have been answered and the validation boxes below have turned green you should send the template to england.bettercaresupport@nhs.net saving the file as 'Name HWB' for example 'County Durham HWB'

2. National Conditions & s75 Pooled Budget

Selected Health and Wellbeing Board:

Blackpool

Confirmation of Nation Conditions		
National Condition	Confirmation	If the answer is "No" please provide an explanation as to why the condition was not met within the quarter and how this is being addressed:
1) Plans to be jointly agreed? (This also includes agreement with district councils on use of Disabled Facilities Grant in two tier areas)	Yes	
2) Planned contribution to social care from the CCG minimum contribution is agreed in line with the Planning Requirements?	Yes	
3) Agreement to invest in NHS commissioned out of hospital services?	Yes	
4) Managing transfers of care?	Yes	

Confirmation of s75 Pooled Budget			
Statement	Response	If the answer is "No" please provide an explanation as to why the condition was not met within the quarter and how this is being addressed:	If the answer to the above is 'No' please indicate when this will happen (DD/MM/YYYY)
Have the funds been pooled via a s.75 pooled budget?	Yes

Metrics

Selected Health and Wellbeing Board:

Blackpool

Challenges Please describe any challenges faced in meeting the planned target

Achievements Please describe any achievements, impact observed or lessons learnt when considering improvements being pursued for the respective metrics

Support Needs Please highlight any support that may facilitate or ease the achievements of metric plans

Metric	Definition	Assessment of progress against the planned target for the quarter	Challenges	Achievements	Support Needs
NEA	Reduction in non-elective admissions	On track to meet target	As part of winter planning we are currently reviewing "lessons learned" from winter 2017/18 to identify avoidable admissions and how these could be better managed in the community.	Significant work has been underway for the last year. We have been working closely with primary care, residential care, community teams along with Out of Hours providers, A&E and ambulance providers to	n/a
Res Admissions	Rate of permanent admissions to residential care per 100,000 population (65+)	On track to meet target	n/a	Care home model integrated with the neighbourhood care teams to support care homes and coordinate patient care. Extensive Care service in place in community led by a Care of the Elderly	n/a
Reablement	Proportion of older people (65 and over) who were still at home 91 days after discharge from hospital into reablement / rehabilitation services	Data not available to assess progress	The year-end ASCOF indicator is based only on discharges between October and December.	n/a	n/a
Delayed Transfers of Care	Delayed Transfers of Care (delayed days)	Not on track to meet target	Patient flow remains a significant area of challenge/focus. Work required to understand why BCF DTOCs (Blackpool LA level) are over plan, whereas hospital (BTH) DTOCs are much closer to the 3.5% target.	Implementation/rollout of: SAFER, boardround compliance, red-to-green, 6 discharge facilitators recruited, NEXUS real-time patient tracker IT system, D2A, additional capacity for home packages/spot	Continued support from ECIP, Newton Europe etc.

Progress against local plan for integration of health and social care

Blackpool Council and Blackpool CCG have Integrated Commissioning staff who jointly commission and monitor schemes in the local area. They meet regularly to discuss the impact of agreed changes on the population and continually look at ways to meet increased demand and care for people in their preferred place of care. The Fylde Coast is an accelerator site for an Integrated Care Partnership (ICP) with plans being developed under key workstreams to address issues such as NELs, DToc rates, flow, length of stay and discharge processes. The Vanguard process has provided an opportunity to develop neighbourhood hubs and co-locate social workers who then complete joint visits with staff to ensure coordinated patient care. The model encourages an holistic approach to patient care with neighbourhood hubs wrapped around primary care. Staff within the neighbourhood hubs have different skill levels so they can provide the most appropriate care for each patient ie Health and Wellbeing workers with PAM (Patient Activation Measure) scores. These scores are completed by the patient as a means of showing their individual improvements and outcomes.

Please tell us about the progress made locally to the area's vision and plan for integration set out in your BCF narrative plan for 2017-19. This might include significant milestones met, any agreed variations to the plan and any challenges.

Integration success story highlight over the past quarter

A Fylde Coast Home First Partnership has been created to test a Home First integrated pathway and embed a Home First mindset utilising all stakeholders. The partnership includes NHS Blackpool CCG, NHS Fylde and Wyre CCG, Blackpool Council, Lancashire County Council, Blackpool Teaching Hospitals NHS Foundation Trust and British Red Cross. Patients are identified via Board Rounds in the acute hospital by Discharge Facilitators and via Therapists within Clifton Hospital when identified as medically fit for discharge. Discharge plans are made with the patient and carried out within 24 hours. Patients are assessed by either Hospital Therapists or Community based Integrated Therapy teams within their own home. Plans are put in place to ensure patients are safe and able to function at home as independently as possible with crisis support arranged as and when required. Ongoing health and care needs are identified and community based teams are accessed. Social Care within our neighbourhood hubs then formally assess the patient at home within 3 days. Operational meetings take place fortnightly to review practice and progress to date, and to develop the pathway for eventual roll out.

Please tell us about an integration success story observed over the past quarter highlighting the nature of the service or scheme and the related impact.

Better Care Fund Template Q1 2018/19

Additional improved Better Care Fund - Part 1

Selected Health and Wellbeing Board:
Additional improved Better Care Fund Allocation for 2018/19:

Blackpool
£ 2,590,669

Section A

What proportion of your additional iBCF funding for 2018-19 are you allocating towards each of the three purposes of the funding?			
	a) Meeting adult social care needs	b) Reducing pressures on the NHS, including supporting more people to be discharged from hospital when they are ready	c) Ensuring that the local social care provider market is supported
Please enter the amount you have designated for each purpose as a percentage of the total additional iBCF funding you have been allocated for the whole of 2018-19. If the expenditure covers more than one purpose, please categorise it according to the primary purpose. Please ensure that the sum of the percentage figures entered does not exceed 100%. If you have not designated any funding for a particular purpose, please enter 0% and do not leave a blank cell.	0%	41%	59%

Section B

What initiatives / projects will your additional iBCF funding be used to support in 2018-19?										
	Initiative/Project 1	Initiative/Project 2	Initiative/Project 3	Initiative/Project 4	Initiative/Project 5	Initiative/Project 6	Initiative/Project 7	Initiative/Project 8	Initiative/Project 9	Initiative/Project 10
B1) Provide individual titles for no more than 10 initiative / projects. If you are funding more than 10 initiatives / projects, you should list those with the largest size of investment in 2018-19. Please do not use more than 150 characters.	Maintaining in-house home care service capacity	Funding of assistive technology units above commission for health and social care, alongside associated increase in staffing to ensure response	Additional in-house home care capacity	Increase in regulated care hourly rate	Social work cover at weekends in A&E	Neighbourhood Response Team				
B2) Is this a continuation of an initiative / project from 2017-18 or a new project for 2018-19? Use the drop-down menu, options below: Continuation New initiative/project	Continuation	Continuation	Continuation	Continuation	Continuation	Continuation				
Click here for a reminder of initiative / project titles submitted in Quarter 4 2017/18										
B3) If you have answered question B2 with "Continuation" please provide the name of the project as provided in the 2017-18 returns. See the link above for a reminder of the initiative / project titles submitted in Q4 2017-18. Please do not select the same project title more than once.	Maintaining in-house home care service capacity.	Funding of assistive technology units above commission for health and social care, alongside associated increase in staffing to ensure response	Additional in-house home care capacity.	Increase in regulated care hourly rate.	Social work cover at weekends in A&E.	Neighbourhood Response Team				
B4) If this is a "New Initiative / Project" for 2018/19, briefly describe the key objectives / expected outcomes. Please do not use more than 250 characters.										
B5) Use the drop-down menu provided or type in one of the categories listed to indicate which of the following categories the initiative / project primarily falls under. Hover over this cell to view the comment box for the list of categories if drop-down options are not visible.	3. DTOC: Reducing delayed transfers of care	14. Technology	16. Stabilising social care provider market - fees uplift	17. Stabilising social care provider market - other support (e.g. training, property maintenance)	9. NHS: Reducing pressure on the NHS	11. Prevention				
B6) If you have answered question B5 with "Other", please specify. Please do not use more than 50 characters.										
B7) What is the planned total duration of each initiative/project? Use the drop-down menu, options below. For continuing projects, you should also include running time before 2018/19. 1) Less than 6 months 2) Between 6 months and 1 year 3) From 1 year up to 2 years 4) 2 years or longer	3. From 1 year up to 2 years	3. From 1 year up to 2 years	3. From 1 year up to 2 years	3. From 1 year up to 2 years	3. From 1 year up to 2 years	3. From 1 year up to 2 years

Additional improved Better Care Fund - Part 2

Selected Health and Wellbeing Board:

Blackpool

Additional improved Better Fund Allocation for 2018/19:

£ 2,590,669

Section C

What impact does the additional iBCF funding you have been allocated for 2018-19 have on the plans you have made for the following:

	a) The number of home care packages provided for the whole of 2018-19:	b) The number of hours of home care provided for the whole of 2018-19:	c) The number of care home placements for the whole of 2018-19:
C1) Provide figures on the planned number of home care packages, hours of home care and number of care home placements you are purchasing/providing as a direct result of your additional iBCF funding allocation for 2018-19. The figures you provide should cover the whole of 2018-19. Please use whole numbers with no text, if you have a nil entry please could you enter 0 in the appropriate box.	80	1,200	-

Section D

Indicate no more than five key metrics you will use to assess your performance.

	Metric 1	Metric 2	Metric 3	Metric 4	Metric 5
D1) Provide a list of up to 5 metrics you are measuring yourself against. Please do not use more than 100 characters.	Number of Home's Best Hours delivered	Number of recipients of service provided by Home's Best
