RESIDENTS ASSOCIATION

**Licensing Service  
Blackpool Council**

**Ma Kellys/Number Three, Devonshire Square.  
Objection to extension of hours for the sale of Alcohol  
and of any Live Music.**

Whitegate Drive North retail and residential district has been recognised by the Council, as one to be 'fostered and developed'. This 'Application' disregards the local Plan of Balance and Health in Communities.

Even with the present savage cuts to Public funding, our District Centre is just about holding its identity inspite of problems - and the Local Plan, should not be forgotten, especially now the area has been granted Conservation Status.

To grant an extension, of already adequate hours (9.00 am till midnight) for any establishment, to further the availability of alcohol, can only increase the probability of more antisocial Nuisance, Disorder and Criminal Behaviour.

The objection to Live Music which has been in place through a 'Noise Restriction Order' is because the 'Number 3' is embedded within and sharing, an adjoining wall with Residential properties.

With the Councils safeguard, we can halt any further decline- Please reject this ammendment and send a timely message, that however small, any detrimental change to a Local District Centre, will not be sanctioined
