- 2.2 To agree that the reduction applied to working age claimants remains the same as the 2018/ 2019 Scheme agreed by Council on 24 January 2018 and that the main elements and method of calculating awards will be the same with the exception of:
 - Ensuring that applicants who are protected under the current scheme continue to be protected to the same level of support when they move to Universal Credit
 - Extension of the group of customers who pay 13.56% to claimants or partners who are:
 - in receipt of Jobseeker's Allowance Contribution Based.
 - in receipt of Main Phase Employment and Support Allowance and are in the Work Related Activity Group.

- 3.2b Is the recommendation in accordance with the Council's approved budget? Yes
- 3.3 Other alternative options to be considered:

None, a Council Tax Reduction scheme must be approved by the Council every year.

4.0 Council Priority:

- 4.1 The relevant Council Priority is: "Communities: Creating stronger communities and increasing resilience"

5.0 Background Information

- 5.1 The Welfare Reform Act 2012 abolished Council Tax Benefits (CTB); billing authorities were required to adopt a local Council Tax Reduction Scheme (CTRS) to take effect from 1 April 2013. The Government grant for Council Tax Reduction Scheme was less than 90% of the Government forecast funding levels had Council Tax Benefits continued. This was expected to leave a shortfall in funding of £3.22m based on estimates of demand and assumptions regarding the basis of calculation for the central Government grant. The ongoing level of Government support meant the Council adopted a self-funding Scheme under which all working age claimants had to pay at least 27.11% of their Council Tax in 2013/ 2014.

- 5.2 This has remained the case in subsequent years with the exception of the 2017/ 2018 Scheme when it was agreed that additional support was provided to vulnerable groups and they had to pay 13.56%. These vulnerable groups are defined as:

- where someone in the household receives Disability Living Allowance or Personal Independence Payments
- where the applicant is a lone parent and who is responsible and resides with a child under 5 years old
- where the applicant or their partner receives Carer's Allowance
- where the applicant or their partner is in receipt of a war pension, war

widows pension, war disablement pension or equivalent.

- 5.3 For the 2018/ 2019 Scheme the 13.56% reduction was extended to the following low income group:
- applicants or partners receiving Income Support, or Income-Based Jobseekers Allowance, or Income-Related Employment Support Allowance.
- 5.4 The Blackpool Scheme incorporates the National Pensioner Scheme decided by Government. This ensures that support continues at the same level as existed under Council Tax Benefit. In Blackpool, pensioners currently account for 31.8% of the caseload.
- 5.5 For working-age claims, there is a means-tested assessment, predominantly based upon the former Council Tax Benefit rules, to establish entitlement. A percentage reduction of 27.11% (13.56% for the groups shown in 5.2 and 5.3) is then applied to the award at the end of the assessment.
- 5.6 Although the 2019/20 Scheme will, as far as is possible, have the same design principles as that currently in operation a small number of changes are proposed to give additional or continued support to low income groups. These changes are:
- Ensure that applicants who are protected under the current scheme continue to be protected when they move to Universal Credit
- 5.7 These customers are already expected to pay a maximum of 13.56% towards their Council Tax and this would continue if they moved onto Universal Credit therefore there is no financial impact for the Council.
- Extension of the group of customers who pay 13.56% to claimants or partners who are:
 - in receipt of Jobseeker's Allowance Contribution Based
 - in receipt of Main Phase Employment and Support Allowance and are in the Work Related Activity Group
 - in receipt of Maximum Universal Credit and neither employed, self-employed or in receipt of any other income which is taken into account when calculating their Universal Credit award (such as an Occupational Pension or other unearned income)
 - in receipt of Universal Credit which includes either the limited capability for work and/or work related activity.

- 5.8 It is proposed that the percentage reduction applied to these low income households is reduced from 27.11% to 13.56%. The estimated cost of providing additional support to these low income groups is £90,000 per year (Council share - £77,400). In order to meet this cost there will be a review of bad debt provision and a review of the Council Tax base for 2019/ 2020.
- 5.9 The value of the percentage reduction is reviewed annually to ensure it remains fit for purpose taking account of ongoing changes in legislation, caseload and financial requirements. It is proposed that for 2019/20 the value of the percentage reduction for other working age customers, who do not fall into the vulnerable or low income categories shown at 5.2, 5.3, 5.6 or 5.7, should remain at 27.11%.

Does the information submitted include any exempt information? No

6.0 Legal considerations:

- 6.1 A resolution by the full Council to adopt a Council Tax Reduction Scheme is required by 11 March 2019. The Scheme will take effect from 1 April 2019. The Council Tax and Business Rates Discretionary Discount Policy has been updated to reflect changes to the guidance from the Chancellor of the Exchequer and was included in the Executive agenda (Appendix 3(a)) on Monday 21 January 2019.

7.0 Human Resources considerations:

- 7.1 Existing staffing resources within the Benefits service are used to administer the Council Tax Reduction Scheme; however, it is apparent that there has been a considerable increase in face-to-face and telephone contact, particularly when Council Tax bills are issued. The administrative and legal processes required to collect and recover substantial numbers of small amounts place an additional burden on available resources.

8.0 Equalities considerations:

- 8.1 The Equality Analysis that has previously been carried out for the Council Tax Reduction Scheme has been revisited and updated. This aims to mitigate the impact on protected groups and includes the continued availability of a discretionary

hardship fund which has been made available through the adoption of a Discretionary Discount Policy. As part of their consideration of the Council Tax Reduction Scheme for 2019/ 2020 Members should read the updated Equality Analysis, in the Executive agenda (Appendix 2(b)) on 10 December 2018.

9.0 Financial considerations:

- 9.1 For 2019/ 2020, it is proposed that the percentage reduction made at the end of the assessment for working age claimants shall be 27.11% with the exception of those claimants who fall into the vulnerable or low income categories shown at 5.2, 5.3, 5.10 and 5.11, who will be subject to a 13.56% reduction.
- 9.2 A review of the Scheme must be carried out annually to ensure it remains fit for purpose taking account of ongoing changes in legislation, caseload and financial requirements. The Council will be required to approve the Scheme each year.
- 9.3 The Welfare Reform Act 2012 provides for a major overhaul of the benefits system. The Council Tax Reduction Scheme was implemented ahead of the commencement of Universal Credit. The new scheme of Council Tax Reduction will run alongside Housing Benefit during the transition to Universal Credit. Housing Benefit administration will then gradually diminish. Wider changes to existing benefits during the next few years will mean customers on benefits will have less money available to pay their Council Tax liability. Whilst there is still an ambition to achieve full collection, this is likely to take longer.
- 9.4 Providing additional support to the low income groups listed in section 5.11 will increase the cost of the Scheme by £90,000 per year. In order to meet this cost there will be a review of bad debt provision and a review of the Council Tax base for 2019/ 2020. Removing low income households from the requirement to pay 27.11% would allow existing resources to be used for collection from the remaining Council Tax payers.

10.0 Risk management considerations:

- 10.1 As part of the overall project management leading to the 2013/ 2014 Scheme, a risk workshop identified a number of risks. Actions required to mitigate those risks have been identified and implemented where possible.

11.0 Ethical considerations:

- 11.1 None.

12.0 Internal/ External Consultation undertaken:

- 12.1 Extensive public consultation was undertaken during 2012 to develop the 2013/ 2014 Blackpool Scheme. The overall response concluded that, whilst most people did not agree with the changes, the options proposed by the Council were, in the main, supported.
- 12.2 Although the main elements and method of calculating awards will remain the same for 2019/ 2020, further public consultation has taken place in respect of the proposed changes to provide additional or continued support to certain low income groups. A full consultation response is attached at Appendix 2(c) of the Executive agenda on 10 December 2018
<http://democracy.blackpool.gov.uk/documents/s41408/Appendix%202c%20Council%20Tax%20Reduction%20Scheme%20Consultation%202018%20Report%20draft.pdf>

The Council's response to each comment has been considered and is included within the Equality Analysis, which is attached at Appendix 2(b) of the Executive agenda on 10 December 2018.

- 12.3 The public consultation exercise for the proposed changes to the Blackpool Scheme was undertaken from 21 August 2018 to 16 October 2018. The overall response concluded that the majority of the respondents agreed with the proposed changes.
- 12.4 Consultation has also taken place with the major preceptors as required by Ministry of Housing, Communities and Local Government guidelines. Both the Lancashire Fire and Rescue Service and the Office of the Police and Crime Commissioner for Lancashire supported the proposed changes to the scheme.
