### 4. Neighbourhood Area supporting statement

The Council has a duty to designate neighbourhood areas that are coherent, consistent and appropriate. Relevant considerations in this respect could be:

- village or settlement boundaries, which could reflect areas of planned expansion
- the catchment area for walking to local services such as shops, primary schools, doctors' surgery, parks or other facilities
- the area where formal or informal networks of community based groups operate
- the physical appearance or characteristics of the neighbourhood, for example buildings may be of a consistent scale or style
- whether the area forms all or part of a coherent estate either for businesses or residents
- whether the area is wholly or predominantly a business area
- whether infrastructure or physical features define a natural boundary, for example a major road or railway line or waterway
- the natural setting or features in an area
- size of the population (living and working) in the area.

In addition, other considerations are important and these could include:

- the local sense of a 'neighbourhood';
- the views of those who live, work and carry out business in the area;

- the aims of the neighbourhood plan (will the neighbourhood area assist in the delivery of the vision?)
- the availability of data (to produce an evidence base and inform robust decision making);

Please outline the reasons in support of the Neighbourhood Area;

The proposed boundaries of the Neighbourhood Area were arrived at in conjunction with Blackpool Council. The Area represents the full extent of Marton Moss that exists within Blackpool Borough.

The attached map (referred to as Appendix A) shows the intended boundaries and how they coincide exactly with those defining the area to which Policy CS26 of the Blackpool Local Plan Part 1 (Core Strategy) applies. This Policy suggests that neighbourhood planning could be appropriate for the area applied for.

The proposed boundaries were featured on display material produced for the public consultation exercise carried out in the winter of 2017/18 by Blackpool Council which sought local peoples' views on the future means of planning Marton Moss.

A majority of the people who responded to the public consultation favoured a neighbourhood planning approach for the Area. As a consequence of this outcome, Blackpool Council is now preparing a Part 2 of the Local Plan that excludes Marton Moss. Therefore, producing a Neighbourhood Plan for the Moss would complete Development Plan coverage of the Borough.

Constitution attached (please tick)

The best constitutions for neighbourhood forums contain the following:

- the name and purpose of the neighbourhood forum,
- working arrangements including sub-groups, partners and their roles,
- pattern of meetings and details of how decisions will be made,
- details of governance, including official positions,
- arrangements for management and financial management,
- membership and procedures for replacement of members where necessary.

There will be other things that are locally important that you may wish to include.
