To whom it may concern

I am writing this letter about an application that has been made for the renewal of a Premises license.

This is in connection with premises 271A Church Street to sell alcohol, AS a Resident of this area I have young children and am concerned already about the growing number of licensed premises to sell alcohol as this will only create more alcoholics in the area, which hovers around by the ~~the~~ old toilets which ~~are~~ are situated on Whitegate drive and Church Street.

I have a nine year old son that likes his own independence to go to the roukes mini-market to get his sweets, I stress my concern strongly.

Thanks kindly

I Vale
