| <p>I am in receipt of an application for a New Premises Licence for the above address.</p> <p>On behalf of the Chief Officer of Police, having reviewed the application the Police make formal objections on the following grounds:</p> <p>The Police base this objection on the existing Premises Licence being in Claremont Ward, within the Off Licence Saturation Policy Area. The purpose of this Policy is to limit the number of Off Licensed Premises within a given geographic area, in order to reduce crime and disorder and promote the licensing objectives. The Policy sets out the following;</p> <ul style="list-style-type: none"> The number, type and density of the premises selling alcohol in a particular area can lead to serious problems of nuisance and disorder. In these circumstances the impact of the premises taken as a whole can be far greater than that arising from individual premises. In most cases it | | | |

would be impossible to identify an individual premises as being the sole cause or major contributing factor.

- The potential impact on the promotion of the licensing objections by a significant number of licensed premises concentrated in one area is called cumulative impact. The cumulative impact of all the premises in an area upon the promotion of the licensing objectives is a proper matter for the Licensing Committee to consider.

A hearing would allow the Licensing Committee to examine the prospective operators' intentions and rebut the presumption that the operation of the premises will not add to the cumulative impact, and therefore crime and disorder.

The applicant's representative contacted the Police Licensing Department prior to the application, at which time they were informed that we intended to object if the application were to be submitted. Additionally, if the client were to rebut the presumption as prescribed above, we would be concerned that his previous criminal history, which includes affray and repeated motoring offences, would not make for a reliable premises licence holder.

It is recommended that the licence should only be granted if the application is amended, or if conditions are applied, as detailed below.

Sheila/Michael

Sorry I haven't replied, the police will be objecting to any new licenses in the Saturation area

Subject: Whistlestop Number 1

Dear Sergeant Hannon

Re: Whistlestop Number 1
80 Sherbourne Road, Blackpool

We have been instructed by Mr Derme who wishes to apply for a premises licence to permit him to sell alcohol. This will be alongside the existing convenience goods.

We appreciate that the premises are situated within the special policy area.

Mr Derme has operated the shop for some years. He does sell age sensitive goods, specifically tobacco. We understand that there have been no issues surrounding such sales.

Mr Derme's application is for the sale of alcohol between 11am - 10pm each day with no reasonable variations.

We enclose a copy of the proposed conditions which are, of course, over and above the mandatory conditions which would apply in any event.

We would be grateful if you would let us have your observations in respect of this application and whether, notwithstanding the special policy area, this is an application that can, with the appropriate conditions, proceed unopposed.

Yours faithfully

MICHAEL WOOSNAM
