

Alcohol related Crime Blackpool

Data was obtained for the 1-year period 1st August 2022 – 31st July 2023 from Lancashire Constabulary's investigation recording system Connect and mapped and extracted for the relevant area Blackpool. The data was then filtered to contain offences that were alcohol related¹.

In relation to Bond Street, data was filtered using the address 1 column in order to obtain all offences that occurred on Bond Street for the period.

Lancashire Constabulary installed a new IT system on the 27th November 2018. Please note that crime data obtained from police crime intelligence system is subject to change. From dip sampling it is believed there is an underestimation due to issues with quality assurance, geocoding and additional coding problems.
