Subject: Re: Waste issues at or around 149 Layton Road

Dear Mark,

Following our conversation on the 27th of October 2023 I have made further enquires with the Officer who has street cleansing responsibilities in this area [REDACTED]. He has confirmed that the bin outside 149 Layton Road is emptied twice per week. It is a bin owned by Enveco and the Officer has also confirmed that in the previous 12 months he has never observed issues with excessive waste materials such as discarded takeaway packaging or related food waste in or around the vicinity of the bin or indeed 149 Layton Road. We can also confirm that we have received no reports or complaints regarding waste/litter problems in this area.

Subject: FW: Waste issues at or around 149 Layton Road

Subject: Waste issues at or around 149 Layton Road

Dear ■■■

Further to our conversation earlier today I explained that I was acting for a takeaway who is in the process of obtaining a licence. The premises in question are AB Pizza, 149 Layton Road, Blackpool.

We will have to respond to a formal objection made by a neighbour who amongst other matters raises issues with waste.

I have snipped the comment that relates to waste below, in italics.

The rubbish generated by their customers usually ends up all over the road so much so we now have seagulls in permanent residence. We have never witnessed anyone from the business clearing away any rubbish dumped by their customers.

Our discussion was around the bin outside the front of the premises which you confirmed was a public bin and is emptied weekly. You also added that you have never received complaints about the bin, or any other waste-related complaints associated with the premises.

If you could kindly confirm these facts are correct and add anything else, you think is relevant to the points raised by the objector.

The information is required for a Licensed hearing that will be scheduled to take place in the next few weeks so I would be grateful if you could respond within 7 days.

Best wishes

Mark Marshall
