
HEALTH AND WELLBEING BOARD DEVELOPMENT

1.0 Matter for consideration

- 1.1 To receive a verbal update on Health and Wellbeing Board Development

2.0 Recommendation(s)

- 2.1 To note the development update.
- 2.2 To note the date and venue of the stakeholder event; consider the aims and objectives of the day and agree the agenda and attendance list.
- 2.3 To note that Blackpool Council (working through the Health and Wellbeing Board) has been selected to take part in the LGA Peer Challenge.
- 2.4 To note the proposed date and focus of the Board's next Away Day.

3.0 Information

- 3.1 Preparations for the Board's inaugural event are underway which will focus on cementing relationships – business and VCS sector engagement are key; ownership and implementation of the JHWS; expectations of partners; how the Board can add value and identifying opportunities for on-going networking and shared dialogue. An external facilitator has been secured and an event programme and attendee list drafted, which are being presented to the Board for final comments and approval.
- 3.2 The Council has been successful in its bid to take part in the LGA Peer Challenge - one of the core national elements of their Health and Wellbeing System Improvement Programme. Seven pilots are currently in operation across the country and a further 10 councils (including Blackpool) have been selected this financial year. The purpose of the peer challenge is to support councils, their health and wellbeing boards and health partners in implementing their new statutory responsibilities.
- 3.3 Councils working through their Health and Wellbeing Boards were invited to submit expressions of interests to take part in the Peer Challenge against the following criteria:
- The council's motivation for commissioning a health and well-being peer challenge
 - Any specific local issue you would want the peer challenge to explore
 - Preferred timing (i.e. calendar month) for the peer challenge
- 3.4 The challenge will involve a pre-site analysis and an onsite visit by a team of peers (up to 6) and is planned for January 2014 over 4 day period and will require a commitment from Board members during this time. A short guide to Health and Wellbeing Peer Challenge is appended to this report along with the successful bid.

Further information will be supplied shortly.

3.5 The Board has agreed to develop a framework of training and development to ensure it continues to operate effectively and arrangements for a second inward looking event are underway. The event is planned for 16 October as a half-day session and will precede the Board's formal public meeting. The event will provide an opportunity for the Board to review and reflect on activity over the past six months and consider and agree actions and priorities for the remainder of the year. A draft programme will be circulated to the Board for approval in due course.

4.0 Financial considerations

4.1 Costs attributed to the Stakeholder event and Away day will be met through existing budget.

4.2 There is no charge for the LGA peer challenge.

5.0 Legal considerations

5.1 None
