3.2 The Kings Fund Report – Health and Wellbeing Boards One year on

This report examines how boards have used their shadow year, what they have achieved, and whether they are providing effective leadership across local systems of care. The report also outlines key policy implications, highlighting the impetus for Boards to now switch gear in order to tackle more urgent strategic issues facing the health and social care system.

3.3 Health and Wellbeing Board Brand

Work has been undertaken as part of the communications and engagement strand of the workplan to develop the Board's brand. This has involved the design of a logo to create a distinct/separate identity for the Board. Design options are included as an appendix to this report for Board consideration and comments with the view that a final design can be selected for future use.

3.4 Peer Challenge – Key Messages

A briefing has been produced to outline the purpose, scope and benefits of the forthcoming peer challenge. In order to raise awareness with wider partners, Board members are asked to disseminate this information within their respective organisations.
