BLACKPOOL COUNCIL
REPORT
of the
DIRECTOR OF RESOURCES
to the
EXECUTIVE
7th DECEMBER 2015

FINANCIAL PERFORMANCE MONITORING AS AT MONTH 7 2015/16

1. Introduction

- 1.1 This report is the standard monthly financial performance monitoring report, which sets out the summary revenue budget position for the Council and its individual directorates for the first 7 months of 2015/16, i.e. the period to 31st October 2015, together with an outlook for the remainder of the year. The report is complemented with an assessment of performance to date of balances and reserves, income collection, the Council's latest Capital Programme plus statements relating to Cash Flow Summary and Balance Sheet Summary.

2. Report Format

- 2.1 Separate reports have been prepared for each of the Council's core areas of responsibility:

- Appendix 3a - Chief Executive
- Appendix 3b - Deputy Chief Executive
- Appendix 3c - Governance and Regulatory Services
- Appendix 3c/d - Ward Budgets
- Appendix 3e - Resources
- Appendix 3f - Places
- Appendix 3g - Strategic Leisure Assets
- Appendix 3h - Community and Environmental Services
- Appendix 3i - Adult Services
- Appendix 3j - Children's Services
- Appendix 3k - Public Health
- Appendix 3l - Budgets Outside the Cash Limit

These incorporate summary financial statements which continue to be prepared on a full accruals basis and focus on the forecast revenue outturns for 2015/16. There is an accompanying narrative to explain any areas of significant variance from budget and to highlight any areas of potential pressure along with action plans agreed with service managers to address them.

- 2.2 The combined effect of the directorates' financial performances is aggregated in a summary financial statement at Appendix 1 which mirrors the Council's Revenue Budget Book. This summary allows proactive month-on-month monitoring of the Council's forecast working balances to be undertaken to ensure appropriate and prudent levels are maintained. Appendix 2 highlights on a 12-month rolling basis those services which trip the designated overspending reporting threshold.

3. Directorates' Budget Performance

- 3.1 The impacts of directorates' revenue budget performance and progress in achieving planned savings fall upon the Council's working balances. The main areas accounting for the month 7 forecast overspend of £3,256k for 2015/16 are summarised below:-

Directorate	Service	Forecast Variance £000
Children's Services	An overspend of £2,468k is forecast. Children's Social Care is forecast to overspend by £1,130k, particularly because of the high cost of Looked After Children (LAC). Whilst numbers have stabilised at between 440 and 460 for over 12 months, the overspend is due to placement mix. There is an imbalance between the reduced Education Services Grant and the commitments against it showing a £1,085k pressure which is due to both historical and in-year academy conversions. There are overspends in Local Services Support Grant of £104k, Children's Safeguarding of £116k and Lifelong Learning and Schools of £128k mitigated by savings of £95k in Early Help for Children and Families.	2,468
Public Health	An overspend of £1,207k is forecast due to the in-year reduction of grant from the Department of Health. Following on from the Department of Health public consultation on the in-year cut to the Public Health grant, this has resulted in a 6.2% cut for all Local Authorities, reducing the grant by £1.207m from £19.497m to £18.29m.	1,207
Resources	Property Services is forecasting a £682k overspend based on the current pace of property rationalisation and pressure from rental income within the Central Business District. Other pressures within the directorate are mainly due to staffing costs, but, these have been mitigated by savings of £99k in Procurement and Projects and £51k in Revenues, Benefits and Transactional Services.	601
Adult Services	Adult Commissioning Placements and Care and Support are forecasting an overspend of £364k. This in-year shortfall is as a result of the delay to the review programme for commissioning. Adult Safeguarding is forecasting an overspend of £119k as a result of additional legal and staffing costs not covered by New Burdens Funding.	467

Community and Environmental Services	Waste Management has a pressure of £34k due to a decrease in income from recycling waste arising from a downturn in the recycle market. The £856k PFI Grant is no longer available and is subject to Judicial Review with the risk being covered against the specific Waste PFI reserve. A Travel and Road Safety pressure of £167k is undergoing a review and there are pressures of £148k in Leisure due to a lower income forecast. These are partially mitigated by various other savings and pressures across the remaining services.	333
Places	The Directorate has a pressure of £49k. Print Services is forecasting an overspend of £49k due to an income target that needs to be reviewed as part of a wider review of the service.	49
Governance and Regulatory Services	An underspend of £13k is forecast. An overspend of £32k in Registration and Bereavement Services is due to the levels of demand in the Coroners and Mortuary Service. This is offset by an underspend of £48k in the Democratic Governance service arising from staff savings and reduced expenditure on special events and area forums.	(13)
Deputy Chief Executive's Directorate	The Human Resources, Communication and Engagement divisions are forecasting an underspend of £27k due to staff vacancies.	(27)
Budgets Outside the Cash Limit	Concessionary Fares are forecasting a pressure of £663k due to increased bus patronage. Parking Services is £460k down on its income target. Treasury Management has a £1,231k favourable position due to the ongoing temporary windfall from the short-term interest rates payable to finance recent capital expenditure and a lower interest charge on the Local Government Reorganisation debt. The New Homes Bonus underspend of £142k is due to the Council's pro-rata share of the unused national funding from the 2014/15 New Homes Bonus, based on the Start-Up Funding Allocation. The cost to the Council of supporting the Subsidiary Companies is forecasting an underspend of £75k due to the reducing balance payback of prudentially borrowed schemes.	(322)
Strategic Leisure Assets, Contingencies / Reserves	An underspend of £1,507k is forecast. Public Health is forecasting an overspend of £1,207k and an equivalent amount is currently offset within contingencies with a further saving of £300k previously identified. Strategic Leisure Assets is forecasting a £1,246k position which is a deterioration from month 6 reflecting a position that is slightly less than forecast. In accordance with the original decision for this programme by the Executive on 7th February 2011, the projected overspend on Strategic Leisure Assets will be carried forward and transferred to Earmarked Reserves	(1,507)
Total		3,256

- 3.2 The graph below shows the impact on the level of Council working balances in-year together with the last 10 years' year-end balances for comparison:

- 3.3 Whilst the Council maintains working balances to address any in-year volatilities, it also maintains a number of Earmarked Revenue Reserves for such longer-term commitments as future Private Finance Initiative payments and uncertainties within the new Localised Business Rate system. In order to present a complete picture of the Council's strong financial standing an equivalent graph to the above is shown below:

4. Directorate Budget Savings Performance

- 4.1 As at 31st October 2015 71% of the 2015/16 savings target has already been delivered. The full-year forecast predicts that 87% (86% last month) will be achieved by the year-end, which takes into account anticipated pressures and savings.

5. Collection Rates

5.1 Council Tax

At the end of month 7 the collection rate for Council Tax was 60.5%. This compares to 62.7% at the same point in 2014/15.

In the light of the reductions in discount and the introduction of the Local Council Tax Reduction Scheme, the target collection rate is 98% over a 5-year collection period.

5.2 Council Tax Reduction Scheme (CTRS)

The Council Tax Reduction Scheme was introduced on 1st April 2013. The scheme ensures that support to pensioners continues at existing levels. Working-age claimants are means tested to establish entitlement and a percentage reduction (currently 27.11%) is applied at the end of the assessment to establish the level of support provided.

At the end of month 7 the collection rate for those who have to pay Council Tax Reduction Scheme, either for the first time or in addition to a proportion of their Council Tax, is 41.7%. This compares to 43.5% at the same point in 2014/15.

The likely impact for 2015/16 is that the underlying rate of collection of Council Tax Reduction Scheme will be lower than 2014/15 due to accumulated arrears and limits on the amount that can be recovered from Attachment of Benefits.

5.3 Business Rates

Prior to 1st April 2013 Business Rate income was collected by billing authorities on behalf of central government and then redistributed among all local authorities and police authorities as part of Formula Grant. From 1st April 2013 the income relating to Blackpool is shared between central government (50%), the Council (49%) and the Fire Authority (1%). Consequential adjustments were made to the Formula Grant equivalent.

At the end of month 7 the collection rate for Business Rates was 60.7%. This compares to 61.1% at the same point in 2014/15.

From April 2014 Business Rate payers have been entitled to elect to pay by 12 monthly instalments instead of over 10 months. This has allowed businesses more time to pay.

The audited Business Rate cumulative deficit as at 31st March 2015 is £11.3m. The Council's share of this is £5.54m (49%) and provision has been made for this.

6. Capital Monitoring Performance

- 6.1 All active capital schemes have been included within Appendix 4. The purpose is to present the overall position of capital spend. The schemes are shown individually where total scheme budget is greater than £500k and grouped as “other schemes” otherwise. As in previous financial years the emphasis regarding capital monitoring will be on scheme variance rather than in-year progress since many schemes cross financial years such as the major housing developments. Therefore, some degree of flexibility for the management of slippage is necessary in order to balance the overall capital programme each year to the funding allocations available.
- 6.2 As at month 7 an overall nil variance on capital schemes is anticipated.

7. Summary Cash Flow Statement

- 7.1 As part of the reporting format for this financial year a summary cash flow statement is included at Appendix 5. This provides a comparison of the actual cash receipts and payments compared to forecast for 2015/16.
- 7.2 During the first 7 months of the year, the Council’s net cashflow has resulted in fluctuations in short-term net investment/borrowing balances. However, overall temporary borrowing has reduced since 31st March 2015 due to the accelerated receipt of grant income. The Council uses temporary borrowing to finance prudentially funded capital expenditure. While temporary investment rates and temporary borrowing rates are low the treasury team will delay taking any new long-term borrowing to fund planned capital expenditure. The interest charged by Lancashire County Council on the Local Government Reorganisation Debt is lower than anticipated. As a result, the delay in taking new long-term borrowing and the lower interest charge from Lancashire County Council mean that a favourable credit variance is once again forecast for 2015/16.

8. Summary Balance Sheet

- 8.1 In order to provide a complete picture of the Council’s financial performance, Appendix 6 provides a snapshot of the General Fund balance sheet as at the end of month 7. The key areas of focus are any significant movements in debtors, cash and cash equivalents, bank overdraft and creditors, as these impact upon the Council’s performance in the critical areas of debt recovery, treasury management and Public Sector Payment Policy.
- 8.2 Over the 7-month period there has been an increase in Property, Plant and Equipment of £12.4m and an increase in cash and cash equivalents of £1.8m, which in the main reflects the timing of the receipt of capital grants and the phasing of the capital programme.

9. Conclusion and Recommendations

- 9.1 There has been an improvement in the position compared to month 6 by £306k, however, the Council is predicting a significant deterioration in its financial standing in comparison with Budget. Working balances are estimated to fall by £3,256k against the budgeted position over the year. This fall is in the context of the audited working balances at the start of the year of £6,188k, an erosion of 52.6%.

9.2 If this forecast position became the actual outturn, then in accordance with the Council's Financial Procedure Rules within its Constitution, the forecast revenue outturn 2015/16 within this report contravenes one of the two specific conditions that excess spending does not:

1. exceed 1% (i.e. £4.4m) of the authority's total gross revenue expenditure; or
2. have the effect of reducing the authority's Working Balances below 50% of their normal target level (i.e. £3.0m).

However, in the context of £45m of Earmarked Revenue Reserves and with 5 months of the financial year remaining there should still be sufficient time to redress the position, though this will inevitably require a bringing forward of budget savings plans from next year.

9.3 As a supportive measure to give services every chance to deliver a breakeven budget, the Executive agreed at its meeting on 22nd June 2015 to carry forward only the 2014/15 underspend of £237,000 on Ward budgets to 2015/16 and that all other 2014/15 under and overspendings were to be written off.

9.4 In response to the financial position the Director of Resources is holding regular meetings with individual Directors to discuss the robustness and integrity of current year budget forecasts and the plans in place to deliver an in-year breakeven position.

9.5 The Executive is asked:

- i) to note the report; and
- ii) to require the respective Directors and Director of Resources to continue to closely monitor and manage financial and operational performances, particularly in Children's Services, Public Health, Property Services, Concessionary Fares, Adult Services, Parking Services, Community and Environmental Services, and Places.

Steve Thompson
Director of Resources

19th November 2015

Notes:

1. The Executive of 11th February 2004 approved a process whereby services which trip a ceiling for overspending against budget of £75,000 or 1.5% of net budget where the controllable budget exceeds £5m are required to be highlighted within this monthly budgetary control report. They are required to develop and submit a recovery plan over a period not exceeding 3 years which is to be approved by the respective Portfolio Holder. The services tripping this threshold are listed above together with their respective financial performance over a 12-month rolling basis for comparison of progress being made.

2. The Strategic Leisure Assets overspend reflects the in-year position.

3. In accordance with the original decision for this programme by the Executive on 7th February 2011, the projected overspend on Strategic Leisure Assets will be carried forward and transferred to Earmarked Reserves.

Directorate Summary – basis

The Revenue summary (above) lists the outturn projection for each individual service within the Deputy Chief Executive’s Directorate against their respective, currently approved, revenue budget. The forecast outturn is based upon actual financial performance for the first 7 months of 2015/16 together with predictions of performance, anticipated pressures and efficiencies in the remainder of the financial year, all of which have been agreed with the Head of Service.

Human Resources, Communication and Engagement

The Human Resources, Communication and Engagement divisions are forecasting an underspend of £27k for the year due to vacancy savings across various teams, partly offset by a reduction in Service Level Agreement (SLA) income across HR and payroll services. The service is forecast to meet its savings requirement in 2015/16.

Business Support and Resources

The Business Support and Resources division is forecasting a breakeven position for the year. The service is forecast to meet its savings requirement in 2015/16.

Information and Communication Technology

The Information and Communication Technology division is forecasting a breakeven position for the year. The service is forecast to meet its savings requirement in 2015/16.

Budget Holder – Mrs C McKeogh, Deputy Chief Executive – Deputy Chief Executive’s Directorate

Commentary on the key issues:

Directorate Summary - basis

- The Revenue summary (above) lists the outturn projection for each individual service within Governance and Regulatory Services against their respective, currently approved, revenue budget. The adjusted budget for 2015/16 includes the 2014/15 underspend carried forward. Forecast outturns are based upon actual financial performance for the first 7 months of 2015/16 together with predictions of performance, anticipated pressures and efficiencies in the remainder of the financial year, all of which have been agreed with the head of service.

Governance and Regulatory Services

- The Democratic Governance service is forecasting an underspend of £48k for 2015/16 due to in-year staffing savings, and reduced expenditure on special events and area forums.
- The Licensing Service is forecasting an overspend of £3k for 2015/16 due to a shortfall against income targets, partly offset by vacancy savings and savings on Supplies and Services budgets.
- Following remedial works at Carleton Crematorium in 2014, the three cremators are now fully operational and it is anticipated that income targets in 2015/16, whilst challenging, will be achieved. However, some pressures are forecast in the Coroners and Mortuary service due to the levels of demand and this is leading to a forecast overspend across the Registration and Bereavement service of £32k for 2015/16.
- Ward budgets are expected to break even in 2015/16.

Budget Holder - Mr M Towers, Director of Governance and Regulatory Services.

Commentary on the key issues:

Directorate Summary - basis

- The Revenue summary (above) lists the outturn projection for each individual service within Resources against their respective, currently approved, revenue budget. Forecast outturns are based upon actual financial performance for the first 7 months of 2015/16 together with predictions of performance, anticipated pressures and efficiencies in the remainder of the financial year, all of which have been agreed with each head of service.

Procurement and Projects

- The favourable variance of £99k is due to an over achievement against current and prior years Priority Led Budgeting targets in respect of staff savings and additional income.

Revenues, Benefits and Transactional Services

- The service is forecast to meet its savings requirement in 2015/16. Additional income has been received from the Department for Work and Pensions (DWP) and Department for Communities and Local Government (DCLG) for welfare reform, Universal Credit and the Council Tax Reduction Scheme (CTRS). This income is to provide the funding to assist Councils in their statutory duty to administer and process extra Housing Benefit/Council Tax Benefit (HB/CTB) workload during the economic downturn, implementation of welfare reforms and implementation of the Council Tax Reduction Scheme.

This funding will be used in part for software changes, process changes, additional staff and equipment due to the increased caseload. The head of service is managing this extra workload by using existing employees and overtime with some filling of posts on a temporary basis.

- The Local Discretionary Support Scheme is forecast to break even in-year.

Corporate Legal Services

- Corporate Legal Services is forecasting a £23k overspend for 2015/16 as a result of staffing and printing cost pressures, additional income is being targeted which may partially offset these costs.

Customer First

- Customer First is forecasting a £8k pressure in 2015/16. The majority of this pressure falls within the staffing budget due to the need to keep as many staff as possible answering the phones and the extra duties involved in staffing the reception at Bickerstaffe House.

Accountancy

- Accountancy is forecasting a £38k pressure mainly due to a one-off staffing cost.

Property Services (incl. Investment Portfolio)

- Property Services is forecasting an overspend of £682k. This projection is based on the current pace of property rationalisation. There is also a forecast pressure from rental income within the Central Business District, however, negotiations are being progressed with interested parties. This service now includes Building Services which has been transferred from the Community and Environmental Services Directorate.

Summary of the revenue forecast

After 7 months of the financial year, Resources is forecasting a £601k overspend. The Directorate continues to operate on the basis of not filling staff vacancies other than in exceptional circumstances.

Budget Holder - Mr S Thompson, Director of Resources.

Commentary on the key issues:

Directorate Summary

- The Revenue summary (above) lists the outturn projection for each individual service within the Places directorate against their respective, currently approved, revenue budget. The forecast outturn of £49k overspend is based upon actual financial performance for the first 7 months of 2015/16 together with predictions of performance, anticipated pressures and efficiencies in the remainder of the financial year, all of which have been agreed with each head of service.

Visitor Services

- This service is expecting a £49k overspend by the year-end due to an income target in Print Services that needs to be reviewed as part of a wider review of the service.

Commentary on the key issues:

Directorate Summary - basis

- The Revenue summary (above) lists the outturn projection for the Service against its respective, currently approved, revenue budget. The forecast outturn is based upon actual financial performance for the first 7 months of 2015/16 together with predictions of performance, anticipated pressures and efficiencies in the remainder of the financial year, all of which have been agreed with the Head of Service.

Key Issues

The Leisure Asset portfolio financial position is £1,246k. This deterioration from month 6 reflects a position at the Winter Gardens that is slightly less than forecast.

In accordance with the original decision for this programme by the Executive on 7th February 2011, the projected overspend on Strategic Leisure Assets will be carried forward and transferred to Earmarked Reserves.

Community and Environmental Services - Directorate Summary

The Revenue summary (above) lists the outturn projection for each individual service within Community and Environmental Services against their respective, currently approved, revenue budget. Forecast outturns are based upon actual financial performance for the first 7 months of 2015/16 together with predictions of performance, anticipated pressures and efficiencies in the remainder of the financial year, all of which have been agreed with each head of service.

Waste Management has a net pressure of £34k, an improvement of £17k from Period 6 due to additional income generated by Trade Waste. This is partially offsetting pressures at the Household Waste Recycling Centre (HWRC) due to a decrease in the level of income forecast from recycling waste which is due to a downturn in the recycle markets. The £856k PFI Grant is no longer available and is subject to judicial review, with the risk being covered against the specific Waste PFI reserve.

Travel and Road Safety's position has deteriorated by £6k in Period 7 to a pressure of £167k due to the net effect of reviewing the forecast for School Bus Routes as part of the ongoing review of this service. The main component of this pressure is a proposed CSR saving no longer deemed achievable.

The pressure on Leisure at Period 7 is unchanged at £148k due to a revised forecast of Leisure income. This includes the pressure on Woodlands Pool and School Swimming transport of £18k.

Building Cleaning is showing a pressure of £42k due to increased staffing costs. The service is looking to make efficiencies and will review income levels as part of the 2016/17 Service Level Agreement (SLA).

Catering is showing an improvement of £42k from Period 6 to an under spend of £12k due to efficiencies on staffing and provisions.

Building Services has transferred to Property Services (incl. Investment Portfolio) within the Resources Directorate.

Other services have savings and pressures that net off to a total saving of £46k. This includes efficiencies in Business Services of £41k achieved by holding vacancies.

Conclusion – Community and Environmental Services financial position

Community and Environmental Services' position is £333k over budget due to a £34k pressure on Waste because of a fall in the market for recycled materials, Travel and Road Safety pressures of £167k, a £148k pressure on Leisure due to a revised forecast of Leisure income and £42k pressure on Building Cleaning due to staffing costs. Catering is under budget by £12k due to efficiencies on staffing and provisions and there are savings and pressures in other services that net off to a surplus of £46k. Risk on the Waste PFI grant has been offset against reserves.

Budget Holder - Mr J Blackledge, Director of Community and Environmental Services

Blackpool Council - Adult Services

Commentary on the key issues:

Directorate Summary – basis

- The Revenue summary (above) lists the latest outturn projection for each individual service within the Adult Services Directorate against their respective, currently approved, revenue budget. The forecast outturn is based upon actual financial performance for the first 7 months of 2015/16 together with predictions of performance, anticipated pressures and efficiencies in the remainder of the financial year, all of which have been agreed with each head of service.

Adult Commissioning Placements (Social Care Packages) and Care and Support

- Whilst there still remains an issue with a historical Priority Led Budgeting (PLB) commissioning placements savings target, one-off funding has again been identified to offset this in this financial year. Significant progress has also been made against the challenging £4.7m 2015/16 PLB savings target, which will see the full amount realised in 2016/17. Inevitably, there is forecast to be a shortfall in-year as a result of the delay to the review programme for commissioning.
- It should be noted that the forecast outturn within the Adults Commissioning Placements Division is based on trend analysis using invoiced amounts drawn from the financial ledger. Frameworki is currently being implemented and will incorporate financial data in phase 2 of the development which should provide improved forecasting in the future.

Adult Safeguarding

- Following Deprivation of Liberty (DoLs) case law this Division is forecasting a £119k overspend as a result of additional legal and staffing costs not covered by New Burdens funding.

Summary of the Adult Services financial position

As at the end of October 2015 the Adult Services Directorate is forecasting an overall overspend of £467k for the financial year to March 2016.

Budget Holder – K Smith, Director of Adult Services

Commentary on the key issues:

Directorate Summary – basis

- The Revenue summary (above) lists the latest outturn projection for each individual service within the Children's Services Directorate against their respective, currently approved, revenue budget. Forecast outturns are based upon actual financial performance for the first 7 months of 2015/16 together with predictions of performance, anticipated pressures and efficiencies in the remainder of the financial year, all of which have been agreed with each head of service.

Dedicated Schools Grant Funded Services

- The Dedicated Schools Grant (DSG) is the funding stream that supports the Schools Budget, which includes amounts that are devolved through the Individual School Budget, together with centrally-retained pupil-related services as listed in the revenue summary. Any under or overspends against services funded by the DSG will be carried forward to 2016/17 and, in the case of overspends, become the first call on the grant in that year.

Lifelong Learning and Schools

- A Priority Led Budgeting (PLB) savings target of £400k was applied to the Skills, Education and Employment division in 2015/16, to be achieved through a review of synergies between the Positive Steps and Connexions services. The review was carried out and no savings identified, however, it is anticipated that the majority of the target will be achieved this year through the

maximisation of external income sources (some of which are one-offs) across the whole of Lifelong Learning and Schools.

Due to an increase in the number of children attending Special Schools in the town, there is a forecast overspend on the Special Educational Needs Transport budget of £153k.

Early Help for Children and Families

- Significant progress has been made against the challenging £1.4m 2015/16 PLB savings target that was applied to the Early Help division. Several service reviews, including an assessment of the nursery provision in the authority's children's centres, have been completed. One-off funding has been identified to offset shortfalls in full-year effect savings in the current year, and the savings look close to being realised in full from 2016/17.

Children's Social Care

- The Children's Social Care division is forecasting an overspend of £1.13m due to the high cost of Looked After Children (LAC). Whilst numbers have stabilised at between 440 and 460 for over 12 months, the overspend is as a result of placement mix as highlighted in the graphs on the following pages. The variation in unit costs is significant with an average residential placement equivalent in cost to eleven internal fostering placements and the most expensive placement equal to twenty. Maximising less costly placements is, therefore, a key element of the recovery plan, and to this end placements are reviewed at a fortnightly panel.

Children's Safeguarding

- Child Protection cases have recently reached very high levels, and the forecast overspend shown reflects ongoing pressures on the staffing budget.

Local Services Support Grant

- A shortfall in grant of £104k is forecast relating to a cut in the Department for Education Extended Rights to Free Travel element from £118k to £14k in 2015/16.

Education Services Grant

- From April 2013, the education functions provided by local authorities have been funded from the Education Services Grant (ESG). The Council receives £87 per pupil in relation to the pupils in schools maintained by the authority plus £15 for each pupil in all schools and academies in respect of responsibilities retained for every pupil within our boundary. A shortfall in grant of £1.085m is included in the forecast overspend, relating to the anticipated loss of funding due to both historical and in-year academy conversions.

Summary of the Children's Services financial position

As at the end of October 2015 the Children's Services Directorate is forecasting an overspend of £2.468m for the financial year to March 2016.

Commentary on the key issues:

Directorate Summary – basis

The Revenue summary (above) lists the latest outturn projection for each individual scheme against their respective, currently approved revenue budget. Forecast outturns are based upon actual financial performance for the first 7 months of 2015/16 together with predictions of performance, anticipated pressures and efficiencies in the remainder of the financial year, all of which have been agreed with the services leads

Public Health Grant

The Public Health Grant is a central government grant which is ring-fenced until March 2016 after which the grant will be based on a national formula. Following on from the Department of Health public consultation on the in-year cut to the Public Health grant, this has resulted in a 6.2% cut for all Local Authorities, reducing the grant by £1.207m from £19.497m to £18.29m.

The grant conditions require quarterly financial reporting of spend against a prescribed set of headings and spend of the grant must link explicitly to the Health and Wellbeing Strategy, Public Health Outcomes Framework and Joint Strategic Needs Assessment

Payment by Results (PbR)/ Activity-based Commissioning

A number of Public Health schemes' payments are linked to activity. The aim of Payment by Results (PbR) is to provide a transparent, rules-based system for payment. It rewards outputs, outcomes and supports patient choice and diversity. Payment will be linked to activity. This does, however, raise a number of challenges when determining accurate budgetary spend/forecast spend.

Summary of the Public Health Directorate financial position

As at the end of October 2015, the Public Health Directorate is forecasting an overspend of £1.207m against a grant total of £18.29m, due to the in-year grant cut from the Department of Health for the financial year to March 2016.

Commentary on the key issues:

Directorate Summary - basis

- The Revenue summary (above) lists the latest outturn projection for each individual service categorised as falling 'outside the cash limit' and thereby exempt from the cash limited budget regime. Forecast outturns are based upon actual financial performance for the first 7 months of 2015/16 together with predictions of performance, anticipated pressures and savings in the remainder of the financial year, which have been agreed by each designated budget manager.

Treasury Management

- This revenue account is forecast to achieve a favourable variance of £1,231k for the year. This reflects the ongoing temporary windfall from the short-term interest rates currently being paid to finance recent capital expenditure and a lower interest charge by Lancashire County Council on the Local Government Reorganisation debt.

Parking Services

- As at Week 31 (w/e 1st November) Parking income is at £4,124k with patronage at 1,088,231. Car park patronage is up by 24,317 and income is up by £115,323 on 2014/15. On-Street Pay and Display is down on patronage by 18,887, and down on income by £27,930. The extremely challenging income target the service has means that it is £460k down on its income budget year-to-date.

Subsidiary Companies

- The cost to the Council of supporting the subsidiary companies is expected to be £75k less than budget due to the reducing balance payback of prudentially borrowed schemes.

Concessionary Fares

- This service is forecasting a pressure of £663k, which mainly relates to the ongoing pressure arising from increased bus patronage.

Land Charges

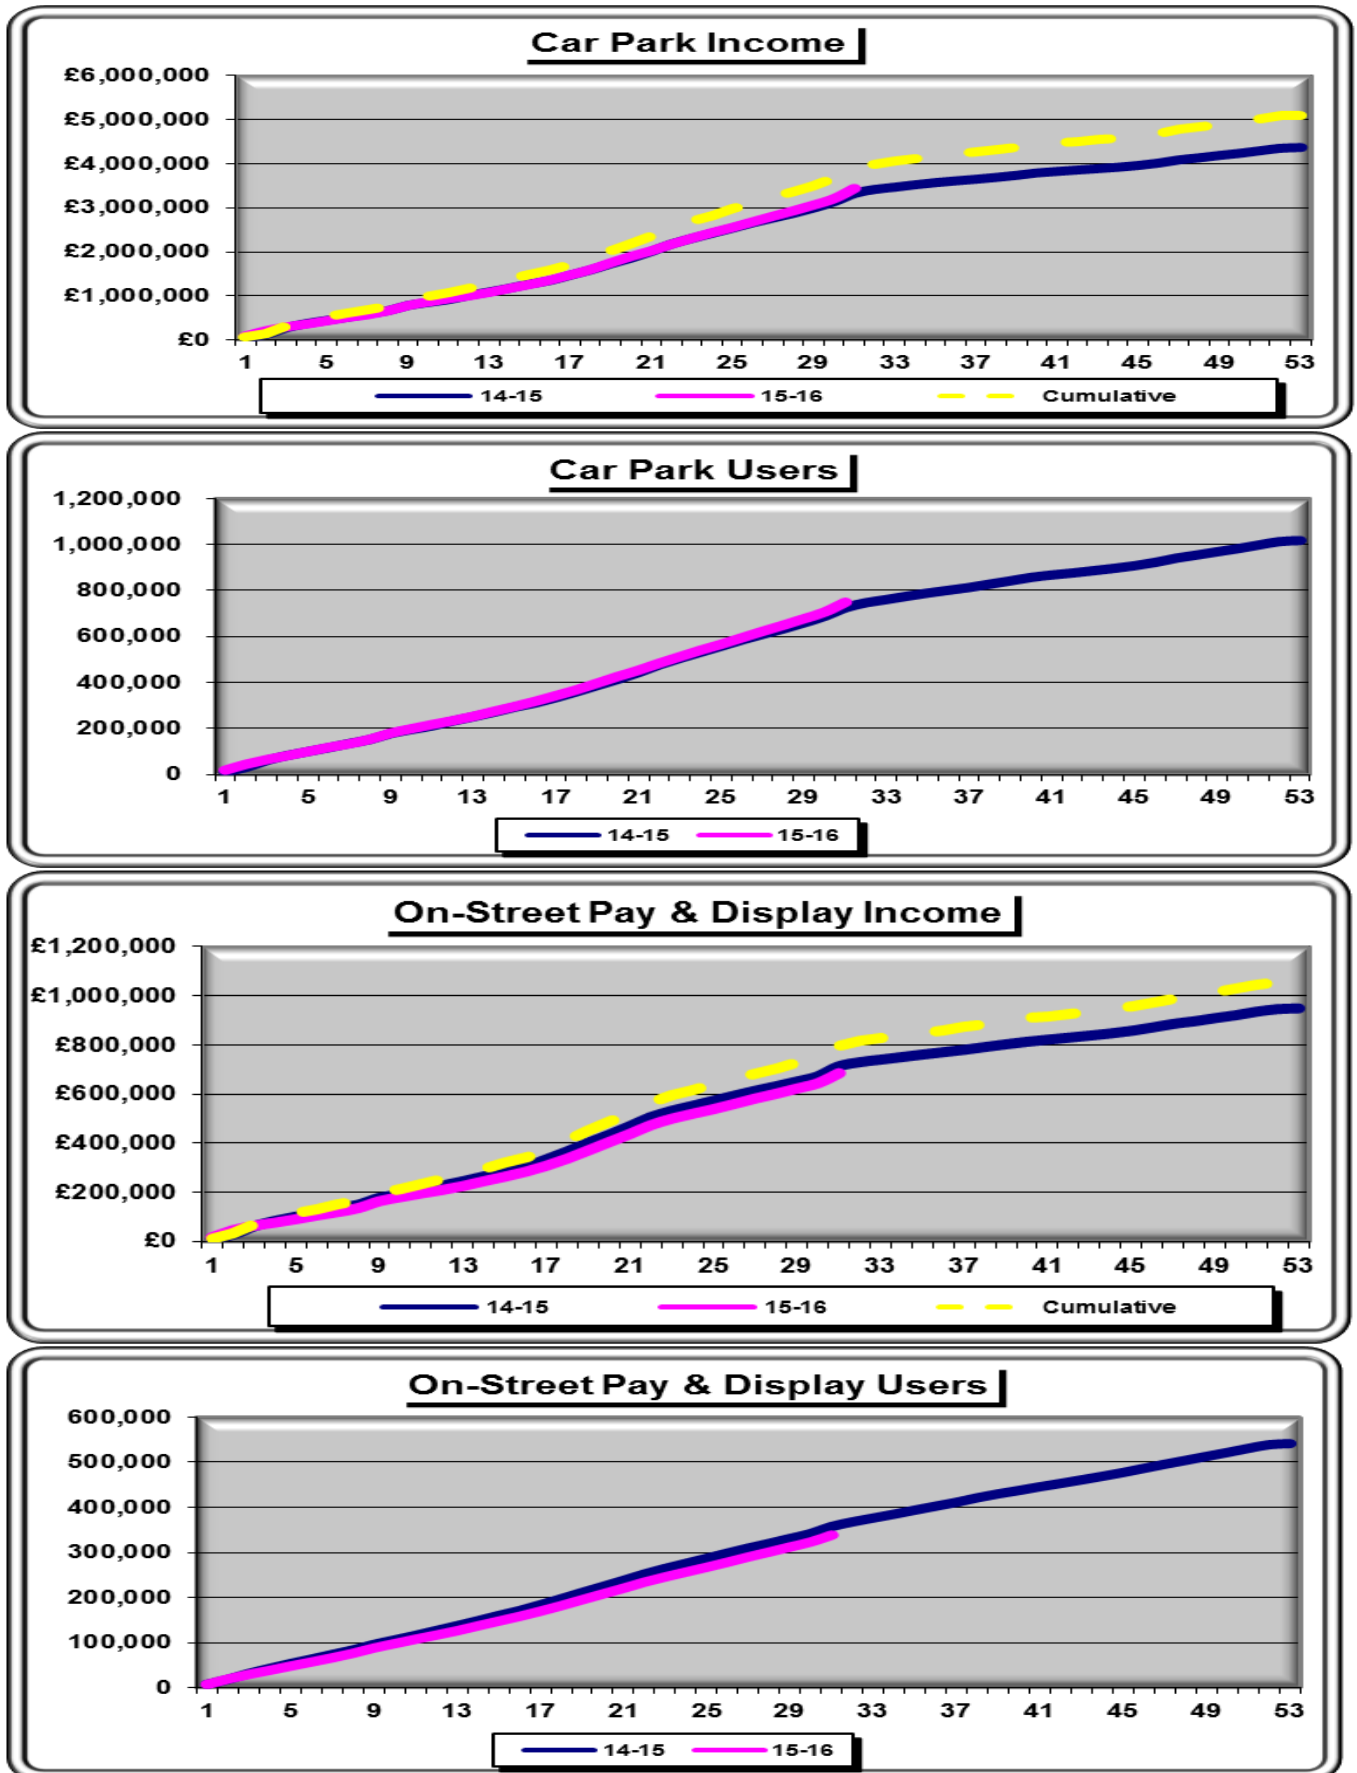

- This service is forecasting to break even during 2015/16.

New Homes Bonus

- The underspend of £142k is due to the Council's pro-rata share of the unused national funding from the 2014/15 New Homes Bonus. This is based on the Start-Up Funding Allocation.

Summary of the revenue forecasts

After 7 months of the financial year, the Budgets Outside the Cash Limit services are forecasting a £322k underspend.

Cash - short-term net investments/(borrowing) balances:

Commentary on Cash Movements during the year:

The summary on the previous page provides a comparison of the actual cash receipts and payments compared to the forecasted cash receipts and payments.

During the first 7 months of the year, the Council's net cashflow has resulted in fluctuations in short-term net investment/borrowing balances. However, overall temporary borrowing has reduced since 31st March 2015 due to the accelerated receipt of grant income. The Council uses temporary borrowing to finance prudentially funded capital expenditure. While temporary investment rates and temporary borrowing rates are low the treasury team will delay taking any new long-term borrowing to fund planned capital expenditure. The interest charged by Lancashire County Council on the Local Government Reorganisation Debt is lower than anticipated. As a result the delay in taking new long-term borrowing and the lower interest charge from Lancashire County Council mean that a favourable credit variance is once again forecast for 2015/16.

The chart of actual and forecast month-end balances shows temporary investment and borrowing levels throughout the year. The forecast shows the level of borrowing that may be required to cover planned capital expenditure up to 31st March 2016.

Commentary on the key issues:

In order to provide a complete picture of the Council's financial performance, the above table provides a snapshot of the General Fund balance sheet as at the end of month 7. The key areas of focus are any significant movements in debtors, cash and cash equivalents, bank overdraft and creditors as these impact upon the Council's performance in the critical areas of debt recovery, treasury management and Public Sector Payments Policy.

The balance sheet has been prepared under International Financial Reporting Standards (IFRSs). Temporary investments are included within cash and cash equivalents along with bank balance and cash in hand. Usable reserves include unallocated General Fund reserves and earmarked revenue reserves. Unusable reserves are those that the Council is not able to use to provide services. This category includes reserves that hold unrealised gains and losses (for example the Revaluation Reserve), where amounts would only become available to provide services if the assets are sold.

Over the 7-month period there has been an increase in Property, Plant and Equipment of £12.4m and an increase in cash and cash equivalents of £1.8m, which in the main reflects the timing of the receipt of capital grants and the phasing of the capital programme.
