in Committee Room A, Town Hall, Blackpool

A G E N D A

1 APPOINTMENT OF CHAIRMAN

To appoint a Chairman for the meeting.

2 DECLARATION OF INTEREST

Members are asked to declare any interests in the items under consideration and in doing so state:-

(1) the type of interest concerned

(2) the nature of the interest concerned; and

(3) whether they have or have not sat on a Planning Committee which has previously considered a planning application in respect of a licensed premises which is also subject to consideration for a premises licence as part of the agenda for this meeting.

If any Member requires advice on declarations of interests, they are advised to contact the Head of Democratic Governance in advance of the meeting.

(Members are asked to also pay particular attention to the guidance sheet on interests supplied with the agenda).

3 PROCEDURE FOR THE MEETING

The Chairman of the Panel will summarise the procedure and announce the equal maximum amount of time for each party to speak for the hearing.

- A. Items 1 and 4 (b) will be undertaken in private session by the Panel and not in the Meeting Room.
- B. Items 2, 3, 4(a) and 4(c) will be recommended to the Panel to be held in public.
- C. The Panel may decide to exclude the public from all or part of a hearing where it considers that the public interest in so doing outweighs the public interest in the hearing, or that part of the hearing, taking place in public. (This includes a party and any person assisting or representing a party)

Date of Meeting :	14 th May 2015

APPLICATION FOR A PREMISES LICENCE – 113-117 Egerton Road

1.0 Purpose of the report:

1.1 To consider an application for a premises licence at 113-117 Egerton Road.

2.0 Recommendation(s):

2.1 The panel is requested to consider the application and determine whether the granting of this licence would adversely impact on the licensing objectives.

3.0 Reasons for recommendation(s):

3.1 Representations have been received therefore there must be a hearing to determine the application.

3.2a Is the recommendation contrary to a plan or strategy adopted or approved by the Council? No

3.2b Is the recommendation in accordance with the Council's approved budget? Yes

3.3 Other alternative options to be considered:

None, once an application and representations have been received it must be considered by the Licensing Panel.

4.0 Background Information

4.1 On 18 March 2015, the licensing service received an application from Richard James Lloyd to issue a premises licence at 113-117 Egerton Road Blackpool.

4.2 The application requests permission to sell alcohol for consumption off the premises 08.00 – 00.00 hours daily. A copy of the application is attached.

4.3 Representations have been received from Lancashire Constabulary, Public Health, the Licensing Authority and members of the public. Copies of the representations are attached.

4.4 **Local policy considerations**

This premises is situated within Claremont which is one for four wards that form part of the off-licence saturation policy. The effect of this policy is to create a rebuttable presumption that applications will be refused. To rebut this presumption, an applicant would be expected to show through the operating schedule, and where appropriate with supporting evidence, that the operation of the premises will not add to the cumulative impact already being experienced.

Applicants for licences within this area will be expected to cover the issues detailed below in their operating schedule. Failure to do so may result in the refusal of the application:

- Details of proof of age scheme to be implemented and proposals for staff training
- Percentage of premises to be used for the sale of alcohol, including details of other items to be sold
- The applicant's policy on the sale of low value/high alcohol products and any drinks discounting that would be adapted.

4.5 **National policy considerations**

9.12 – The police are an essential source of advice and information on the impact and potential impact of licensable activities, particularly on the crime and disorder objective. The licensing authority should accept all reasonable and proportionate representations made by the police unless the authority has evidence that do so would not be proportionate for the promotion of the licensing objectives.

9.42 – The authority's decision should be evidence-based, justified as being appropriate for the promotion of the licensing objectives and proportionate to what it is intended to achieve.

13.35 – After receiving relevant representations in relation to a new application for or a variation of a licence or certificate, the licensing authority must consider whether it would be justified in departing from its special policy in the light of the individual circumstances of the case... if the licensing authority decides that an application should be refused, it will still need to show that the grant of the application would undermine the promotion of one of the licensing objectives and that appropriate conditions would be ineffective in preventing the problems involved.

4.6 Observations

There are two premises on Egerton Road currently licensed to sell alcohol for consumption off the premises:

R&H Newsagents 111 Egerton Road 07.00 – 23.00

Martin McColl 70 Egerton Road 06.00 – 00.00

4.7 Does the information submitted include any exempt information? No

Section 18 of 19

LICENSING OBJECTIVES

Describe the steps you intend to take to promote the four licensing objectives:

a) General – all four licensing objectives (b,c,d,e)

List here steps you will take to promote all four licensing objectives together.

The Applicant is a very experienced retailer having over 30 years experience in the retail food industry in premises with a licence to sell alcohol including many years as a Manager of a major Supermarket. He has held a personal licence since they were introduced by the Licensing Act 2003. The Applicant has been an authorised trainer in Management of alcohol retailing and highly experienced in training staff in all aspects of the requirements of The Licensing Act. He is therefore very familiar with the need to promote the licensing objectives.

The Applicant is aware that the premises are within a Cumulative Impact Area and subject to the local off licence saturation policy. With this in mind the Applicant will put proposals in place to ensure that the granting of this licence will not add to any issues of public disorder or add to the detriment of health. The Applicant indicates willingness in this application to comply with conditions which will ensure promotion of the licensing objectives.

The Applicant intends to follow a successful pilot scheme put in place elsewhere in the Country namely to install an "over 18's only area." This is shown on the attached plan. The area will be adjacent to the counter/till area and will separate the display of alcoholic products from the rest of the shop. There will be a glass dividing wall with glass doors giving access to this area. No person under 18 (or appearing to be under 25 and not having suitable proof of age) will be admitted to this area. Appropriate signs will advise customers and the entrance will be monitored by staff and also covered by CCTV. A further check on age in accordance with "Challenge 25" will still occur at the point of sale.

Continued from previous page...

Spirits and higher value alcoholic products will be displayed behind the counter. The overall percentage of alcoholic products on display, compared with other displayed items, will not exceed 20%

The Applicant will employ staff, at least one of whom will have a personal licence, and other staff will be trained to level 2 or at least level 1. Refresher training will occur every 3 months and a full log of all training records will be kept.

All staff will undertake Brief Intervention Training offered by The Public Health Team within 6 months of the grant of the licence.

The Applicant will agree to a condition that there should be no sales of beer or cider with an ABV above 5.5% by volume except premium imported beer and lager which may be no higher than 6.5%. There should be a further condition that no beers or cider shall be sold in single cans with the exception of occasional items that are sold because their original packaging has been damaged.

b) The prevention of crime and disorder

CCTV will be installed and the following conditions are suggested :-

The CCTV system will incorporate a camera covering each of the entrance doors and the main alcohol display area and will be capable of providing an image which is regarded as identification standard. The precise positions of the cameras may be agreed, subject to compliance with Data Protection legislation, with the Police from time to time.

1. The CCTV system will incorporate a recording facility and any recording will be retained and stored in a suitable and secure manner for a minimum of 30 days and will be made available, subject to compliance with data protection legislation, to the Police for inspection on request.

2 The CCTV system must be able to export recorded images to a removable means, e.g. CD/DVD and have its own software enabled to allow playback/review.

3 A member of staff trained in the use of the CCTV system must be available at the premises at all times that the premises are open to the public.

4 The CCTV system will display, on any recording, the correct time and date of the recording

An incident book will be kept on the premises and be kept fully up to date and will record any incidents of crime and disorder, any refused sales to under age/drunken persons, any person refused admission or asked to leave the premises and details of any occasions when the Police are called to the premises.

c) Public safety

The premises are to be completely refurbished by competent trades persons and in accordance with all requisite building control and other regulations. There will be a high standard of construction and finishing and there will be regular checks to ensure safety compliance. There will be regular Health & Safety checks in respect of all parts of the building structure, isles and walkways. Regular electrical and fire safety checks will be carried out by registered contractors and records kept of all maintenance issues and risk assessments.

d) The prevention of public nuisance

Signage will be displayed at the exit of the premises requesting customers leaving the premises late at night to do so quietly and with consideration so as not to disturb nearby residents.

e) The protection of children from harm

The licence holder will support and rigorously enforce Challenge 25 Proof of Age Policy. The following condition would

Continued from previous page...

seem appropriate for inclusion in the licence :-

The licence holder shall ensure that all cashiers and staff are trained to ask any customer attempting to purchase alcohol, who appears to be under the age of 25 for evidence of age. This evidence shall be photographic, such as passport or photographic driving licence until other effective identification technology (for example thumb print or pupil recognition) is introduced. All cashiers will be instructed, through training, that a sale shall not be made unless this evidence is produced.

All staff engaged or to be engaged in the sale of alcohol on the premises shall receive the following training in age restricted sales:

- Induction training which must be completed and documented prior to the sale of alcohol by the staff member
- Refresher / reinforcement training at intervals of no less than 6 months.

All cashiers shall be trained to record refusals of sales of alcohol in a refusals register. The register will contain:

- Details of the time, day and date the refusal was made;
- The name of the staff member refusing the sale;
- A description of the young person attempting to purchase;
- Details of the alcohol the young person attempted to purchase.

The purpose of this Policy is to limit the number of Off Licensed Premises within a given geographic area, in order to reduce crime and disorder and promote the licensing objectives. The Policy sets out the following;</p> <ul style="list-style-type: none"> The number, type and density of the premises selling alcohol in a particular area can lead to serious problems of nuisance and disorder. In these circumstances the impact of the premises taken as a whole can be far greater than that arising from individual premises. In most cases it would be impossible to identify an

individual premise as being the sole cause or major contributing factor.

- The potential impact on the promotion of the licensing objections by a significant number of licensed premises concentrated in one area is called cumulative impact. The cumulative impact of all the premises in an area upon the promotion of the licensing objectives is a proper matter for the Licensing Committee to consider.
- This application is within the saturation zone. The location of the proposed premises is on the outskirts of the town, servicing both the day time and night time economy. These premises will only add to the availability of alcohol and increase crime and disorder.

The proposed new premises falls within the Claremont area of Blackpool, which is surrounded by Bars, HMO, Hotels, Holiday Flats, Residential houses and numerous business premises most of these with an alcohol licence.

The Claremont Ward already consists of 17 premises that are Off Licences this is not including the other premises with an alcohol licence.

I also have concerns that the Licence Holder/Designated Premises Supervisor is already a DPS at another premises that also falls within the saturation area. For a high risk premises within the saturation zone the DPS would be required to give the premises their full attention and not split between two high risk premises.

The application addresses the percentage of the premises which would be used to sell alcohol as 20% which is much higher than the police would recommend to be available.

A hearing would allow the Licensing Committee to examine the prospective operators' intentions and rebut the presumption that the operation of the premises will not add to the cumulative impact and therefore crime and disorder.

It is recommended that the licence should only be granted if the application is amended, or if conditions are applied, as detailed below.

Reasons for making representations

The Public Health Department, Blackpool Council, write in reference to the new Premises Licence application for 113-117 Egerton Road, Blackpool.

The applicant brings this application in full knowledge that it is in the Claremont Ward which has been subject to a Cumulative Impact Policy (CIP) since 2009.

As stated in Blackpool Council's Statement of Licensing Policy –

- The number, type and density of premises selling alcohol in a particular area can lead to serious problems of nuisance or disorder. In these circumstances the impact of the premises taken as a whole can be far greater than that arising from individual premises. In most cases it would be impossible to identify individual premises as being the sole cause or major contributing factor.

Following review of this application, Public Health, Blackpool Council, make a formal

objection.

Public Health has concerns that this new premises is situated next door to a shop which already holds an alcohol licence and there are also a number of premises that sell alcohol within the surrounding area. In total Claremont ward has approx. 23 other premises where off sale alcohol can be purchased and there are also a high number establishments where alcohol can be consumed on the premises within the ward.

Background Claremont ward information

Deprivation -

Blackpool experiences considerable levels of disadvantage, and in 2010 ranked as the 6th most deprived of 354 local authorities in England (Blackpool Drug and Alcohol Needs Assessment, 2014).

This premise is within Claremont. Specific areas in the central wards, including Claremont Ward, have the highest ranked levels of deprivation in Blackpool (About Blackpool: Short Profile Summary, 2013)

There is a statistical correlation between Blackpool's areas of deprivation and hotspots for violent crime, domestic abuse, and criminal damage, all associated with alcohol abuse to some degree. (JSNA Blackpool, Social and Community Environment in Blackpool, Core Document, Chapter 4, page 100, October 2012).

Domestic Violence -

Alcohol is associated with an increased risk of domestic violence. In the UK, 1 in 4 women and 1 in 7 men have experienced domestic abuse. The Blackpool Domestic Abuse Service estimates that alcohol was a contributing factor in 76% of incidents in 2011 (Blackpool Drug and Alcohol Needs Assessment, 2014).

Information from the Blackpool Drug and Alcohol Needs Assessment (2014), reports Claremont Ward has the second highest number of calls to the police for Domestic Abuse in Blackpool and across Lancashire.

Health related information -

Further evidence relates to paragraph 13.23 of the Section 182, Evidence of Cumulative Impact, a list of categories of information are suggested as good evidence to support a CIP, the 3rd on the list states –

‘Health-related statistics such as alcohol related emergency attendances and hospital admissions’.

Recent health statistics show Claremont has significantly higher numbers of hospital stays for alcohol related harm (SAR) than the National average (England). (Public Health England, 2014 – Local Health Profile).

Public Health would ask the Licensing Committee to consider the potential risks associated with the increase in the availability of alcohol within this Saturation Area in their deliberations as to whether to grant this application.

For New / Variation Applications only.

It is recommended that the licence should only be granted if the application is amended, or if conditions are applied, as detailed below.

Blackpool - Key Statistics

Location

Blackpool is a large seaside town located in Lancashire County in North West England. Blackpool covers an area of 13.46 square miles within the urban area stretching along the Fylde Coast, and is one of the most densely populated authorities in the UK.

Demographics

The population of Blackpool¹ is estimated at 142,080, with a larger proportion of residents aged 60+ compared to national age structure. Residents are mostly of White ethnicity, with Black and Minority Ethnic groups estimated to make up just 3% of the population approximately 4000 people, compared with the estimated proportion for England of 15%.

Table 1: Population Demographics

Aged 0-18 years	22%	23%
Aged 19-24 years	7%	8%
Aged 25-59 years	45%	47%
Aged 60+	26%	22%
Ethnicity ³

Black/African/Caribbean/Black British	0.2%	4%
Other ethnic group	0.2%	1%
Tenure ⁴		
Owner Occupied	67%	71%
Social Rented	11%	18%
Private Rented	22%	11%

Sources: See endnotes

Housing

Blackpool has a similar proportion of Owner-Occupiers compared to national (England) levels, but almost double the proportion of Private Rented accommodation (26.1% vs 16.8%). This is driven largely by changes in the seaside economies with many former guest houses converting to flats, and fluctuations in seasonal work creating demand for temporary accommodation in resort areas. Blackpool has a significant proportion of Houses in Multiple Occupancy (HMOs) in central wards close to the promenade and a monitoring project by Blackpool Council identified up to 37% of private sector rented properties in resort areas could be classified as a HMO⁵.

Poverty and Deprivation

Blackpool has a large proportion of residents living in deprived areas and is currently ranked the 6th most deprived authority in England under the Indices of Deprivation 2010 – a higher rank than in 2007 (12th) and 2004 (24th) Additionally, in the 2010 Indices, Blackpool ranked 1st for the concentration of deprivation.

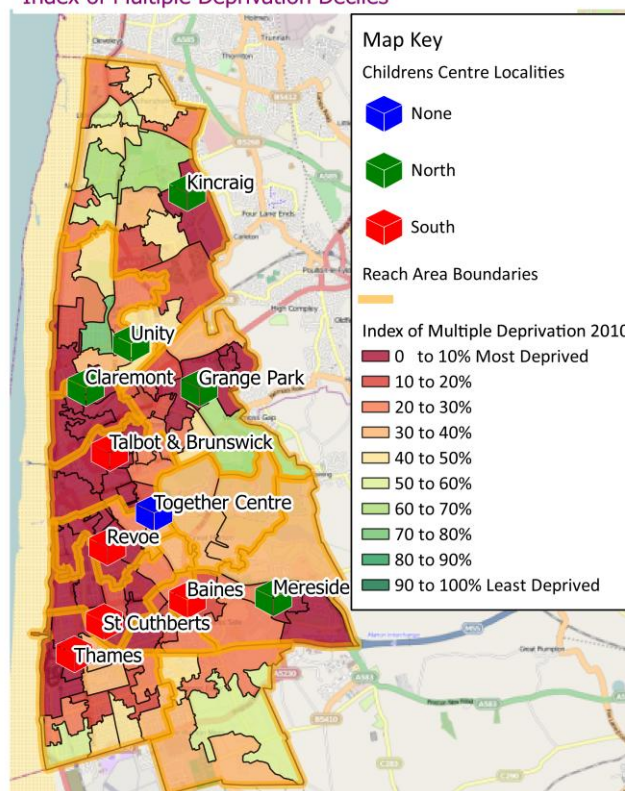

Map 1 below shows the relative positions of local areas in Blackpool. Around half of Blackpool's 94 Lower Super Output Areas (LSOA's)¹, are in the most deprived 20% of all LSOAs in England. Specific areas in the central wards of Talbot, Bloomfield, Brunswick, Claremont and the outer wards of Clifton and Park have the highest ranked levels of deprivation in Blackpool.

¹ An LSOA is a small area of approximately 1500 residents

Poverty is also a significant factor in Blackpool. In 2010, 30% of children in Blackpool were estimated to be in poverty, compared to 20.6% of all children in England. Further analysis highlighted that the majority of children in poverty live in lone parent families⁶.

There are strong relationships between deprivation and a range of social issues and as a continued effort to address inequalities, Blackpool has launched a Fairness Commission. The Commission is made up of a range of local people representing different organisations which will explore social and other inequalities in depth and make recommendations for further improvements. 2012 also saw the introduction of a Child Poverty Framework aimed at reducing the levels of children in low income families and providing support for families currently in financial difficulty.

Employment and Benefits

In terms of workforce, Blackpool has a low employment rate at 68.1% compared to a national (GB) rate of 70.3%. There are a high proportion of benefit claimants with out-of-work benefits, including Employment Support Allowance (ESA) and Job Seekers Allowance (JSA) at almost twice the national (GB) level - currently 23%, compared to 12.5% (GB)⁷. This approximates to about 20,000 individuals claiming an out-of-work benefit, the majority (10,930) of which claim ESA. Table 2 below shows the distribution of claims in Feb 2012.

For residents in employment, the median wage for full time employees in Blackpool is around £293.00, which is £117 per week less than the national median⁸. An estimated 17.8% of the working age population in Blackpool having no formal qualifications.⁹

Education and Children's Outcomes

For young people in Blackpool, there are a range of challenges across both educational attainment and life chance indicators. The range of issues is partly driven by the existing high levels of poverty and social disadvantage in Blackpool, both of which have generational impacts whereby parents' difficulties create problems in the family and influence children's outcomes. The rate of Looked after Children in Blackpool is the highest in England at a rate of 150 per 10,000 children; this is over twice the rate for England as a whole at 59 per 10,000.¹⁰

In terms of academic achievement, the proportion of children attaining the expected level at Key Stage 2 is similar to national levels at 80-85% attainment dependent on subject. There are strong differences between the highest and lowest performing areas however with evidence for the North West region suggesting the proportion attaining level 4 in the 10% most deprived areas is 18 percentage points lower than those in the least deprived 10%..

Blackpool pupils perform similarly to national levels at GCSE level with an equal proportion achieving 5 or more A* to C grade GCSEs (82%). When Maths and English are included however a significant gap appears – 48% of Blackpool pupils achieve 5+ A*-C (incl. Maths & English) compared to 59% nationally¹¹.

In addition, approximately 10% of Blackpool's young people are not in education, employment or training compared to 8% for the sub-region¹².

Health and Lifestyles

Blackpool has poor life expectancy, with life expectancy for males the poorest in England at 73.6 years compared to 78.5 years. Life expectancy for females is similarly poor, at 79.4 years, compared to 82.5 years for England -the 3rd poorest after Manchester and Liverpool¹³. The biggest contributors for both men and women are circulatory diseases, digestive disease including cirrhosis, and respiratory disease. These three areas contribute over half of the overall life expectancy gap in Blackpool. Lung Cancer is also a significant contributor to Female Life Expectancy¹⁴.

Substance and Alcohol misuse is considered high, with alcohol-related death the highest in England¹⁵ (cirrhosis being one of the major drivers of the life expectancy gap). Further estimates suggest that the prevalence of problematic heroin and/or crack cocaine use in Blackpool was 27.49 per 1,000 populations¹⁶. Blackpool has the highest drug prevalence rate across the region, and is within the top ten nationally.

While not directly a health damaging issue, teenage Pregnancy rates in under-18s are the 6th highest in England & Wales. In addition, Blackpool has a very low proportion of teenage pregnancies leading to abortion (36%) compared to England & Wales (49%). This implies a greater relative proportion of teenagers go on to become parents¹⁷ and may require further local authority support. Teenage conceptions have associated risks for both parent and child's health and social wellbeing.

<p>The application for the grant a new Off licence concerns the Licensing Authority on the grounds of saturation or cumulative impact, the Statement of Licensing Policy is currently under review and the current draft very much recognises the issues around Alcohol harm and related violence in particular domestic violence.</p> <p>Claremont ward has the 2nd highest rates of domestic violence in the town and has 23 OffLicence Premises, the 3rd highest ward in terms of Outlet density.</p> <p>The location of the premises and the challenges in the ward that it sits will always present a concern.</p> <p>The locality of the premises is of concern has it occupies significant trading space and already has an Off licence next door to it, The area is a busy thoroughfare with a lot of foot fall with large pavement area and could easily be a location where people who have bought alcohol go on to consume it in the immediate locality, this issue needs careful consideration as this could lead to significant nuisance and present an intimidating environment for people visiting other stores in the area.</p> <p>Capable and competent operators could also be a factor that causes Authorities concern and where</p>				

trading in the Saturated Wards, the Licensing Authority would expect the best quality staff training in place and managers or a DPS with a credible background who are in tune with local problems, has sufficient knowledge of the regulatory regime and are able to demonstrate a willingness to comply with regulations.

The position from the Authority would be that the Licensing Committee considers their own statement of Policy, takes note of the crime and deprivation data provided by Public Health in the Health Needs Assessment Document which is available on the Councils website.

In order to balance this representation Mr Lloyd is known to me as a competent operator, he has my confidence but the locality and size of the premises will present challenges to even the best of operators and the application should be scrutinised in more detail by the Licensing Committee looking closely at the question of “ do exceptional circumstances apply to justify departure from their own policy ?”

Dear Sirs,

RE: 113-117 Egerton road, Blackpool, Lancashire, FY1 2NL

I am writing to register my objection to the application for the granting of a new premises licence by Richard James Lloyd for 113-117 Egerton Road, Blackpool, FY1 2NL. The basis for this opposition is that granting a licence for these premises will not:

- Promote the licensing objectives, particularly the prevention of crime, disorder and antisocial behaviour.
- Saturation of licensed premises in the area.
- The potential impact on the promotion of the licensing objectives by a significant number of licensed premises concentrated in the local area resulting in a cumulative impact.

113 – 117 Egerton rd runs adjacent to Dickson rd which lies within the Council's Saturation Area, and enabling the premises to sell alcohol would be totally detrimental to its aims and objectives. The application proposes that alcohol will be sold for consumption off the premises seven days a week. Granting a licence would provide a further source of alcohol within an area already so heavily populated with licensed premises that crime, disorder and public nuisance have already reached problem levels for the local police and residence. It would be in councils favour to consider the cumulative impact of yet another licensed premises in the area and especially the fact that 111 Egerton rd is already a licensed premises and for another to open next door would impact the promotion of the licensing objectives considerably.

Residents in this area already suffer noise nuisance and antisocial behaviour at all hours of the day and night. They have endured this inconvenience since 2003 when the licensing legislation was first amended, and it is totally unacceptable to expect them to continue to do so. I believe crime and disorder will be further impacted by additional licensed premises.

I would also urge the Committee to consider the findings of Data from the Health and Social Care Information Centre shows the resort has the highest mortality rate from alcohol-related liver disease in under 75s in England – 35 per 100,000 of the population due to liver disease

In view of the above, I would urge the Licensing Authority to refuse the application.

Yours faithfully,

Mr Rupinder Sahota

Subject: RE: Licence applications 30/03/15

Hello Sarah,

As councillor for Claremont Ward, I wish to object to a new license for the premises 113-117 Egerton Road. Given that Claremont is a saturation area and the level of issues in the area relating to drinking and criminal and anti-social behaviour related to drink, the residents are naturally alarmed at the prospect of a further off-license in this area. Please advise me when the item is going before the panel, so that I may have the opportunity of addressing the members.
