MINUTES OF PUBLIC PROTECTION SUB-COMMITTEE MEETING - TUESDAY, 22 FEBRUARY 2022

4 HORSE DRAWN HACKNEY CARRIAGE DRIVER'S AND PROPRIETOR'S LICENCE

The Sub-Committee considered a Licence Holder, D.S. who had been reported by Enforcement Authorities and whose conduct gave rise to concern.

Mr Ryan Ratcliffe, Licensing Enforcement Officer, presented the case to the Sub-Committee. Mr Ratcliffe explained that while driving on the Promenade Mr Ratcliffe had observed D.S driving his carriage without the vehicle sidelights in operation and merging into the right and lane from the left turn only lane travelling southbound on Promenade at the junction with Lytham Road/Rigby Road. Mr Ratcliffe had been able to obtain CCTV footage of the incident and played this footage to the Sub-Committee and to D.S. Mr Ratcliffe explained that failing to use the correct lanes demonstrated dangerous or at least ill-advised driving style risking the safety of passengers and other road users. This had been compounded by the lack of lights on the vehicle. In Mr Ratcliffe's view these actions fell below that which would be required of a Licensed Driver.

D.S. accompanied by his friend was in attendance and made representation to the Sub-Committee. D.S explained that he had many years of experience with horses and horse drawn carriages. While admitting that he should not have been in wrong lane. D.S. emphasised that his aim had been to avoid disrupting the flow of traffic. D.S's opinion remained that these actions were not dangerous of themselves and were common practice amongst other landau drivers. D.S admitted that the lights originally fitted to the carriage were not in operation but explained that temporary lighting had been fitted and were in operation.

The Sub-Committee considered the issue and concluded that based on the evidence that D.S's driving fell significantly below the standard required of a licensed driver. It risked putting other road users in danger and the Sub-Committee did not feel that D.S's explanation mitigated these concerns. It therefore concluded that D.S's licences should be suspended for four weeks to ensure future compliance.

Resolved:

That in the case of D.S both the Horse Drawn Hackney Carriage Driver's and Proprietor's Licences be suspended for a period of four weeks.

5 HACKNEY CARRIAGE DRIVER'S LICENCE

The Sub-Committee considered a licence holder W.H.T who had been reported for an offence that had given the Committee cause for concern.

Mr Ryan Ratcliffe, Licensing Enforcement Officer, presented the case. Mr Ratcliffe explained that W.H.T had been driving a licensed Hackney Carriage on the 4 February 2022 when his vehicle had been inspected during a joint licensing operation. The vehicle had been found to have a tire below the legal minimum and in fact completely without tread on its inner edge. Mr Ratcliffe highlighted his view that such a fault should be noted by a responsible licence holder in undertaking simple visual checks on the vehicle. While W.H.T had not come to the Licensing Service attention Mr Ratcliffe asked the Committee to note that the 3 points for this offence meant that he now had 9 points on his DVLA

**MINUTES OF PUBLIC PROTECTION SUB-COMMITTEE MEETING - TUESDAY, 22 FEBRUARY
2022**

driving licence.

W.H.T. was in attendance accompanied by the other driver of the vehicle. W.H.T. expressed contrition for the issue. He explained that the situation had arisen due to an unfortunate series of events where a fault with the vehicle's tracking had caused uneven wear which had occurred while the other driver had been ill. W.H.T explained that in hindsight he had relied on the other driver to check the vehicle as he only drove in the hours of darkness and had possibly become complacent.

The Sub-Committee considered the issue and agreed that the conduct was below that required of a licensed driver in driving a vehicle in such a condition.

The Sub-Committee balanced the issue before it with W.H.T's contrition and past good character. It considered that a warning letter should be issued to W.H.T. to ensure future compliance.

Resolved:

That in respect of W.H.T. that no action be taken save that a warning letter be issued to the Licence Holder explaining that in the event of further issues the licence may be suspended or revoked.

6 HACKNEY CARRIAGE VEHICLE LICENCE

The Sub-Committee considered a referral in respect of MEM a Hackney Carriage Vehicle Licence Holder.

Mr Ryan Ratcliffe, Licensing Enforcement Officer, presented the case to the Sub-Committee. Mr Ratcliffe explained that MEM was the Vehicle Proprietor in respect of the vehicle driven by the Licensed driver referred to in Minute Item 5. Mr Ratcliffe explained that the licensed Hackney Carriage had been driven on the 4 February 2022 and when this vehicle had been inspected during a joint licensing operation. The vehicle had been found to have a tire below the legal minimum and in fact completely without tread on its inner edge. Mr Ratcliffe highlighted his view that such a fault should be noted by a responsible licence holder in undertaking simple visual checks on the vehicle. Mr Ratcliffe further reminded the Sub-Committee that this would be the responsibility of a vehicle proprietor even if they themselves were not driving at that time.

MEM was in attendance accompanied by the other driver of vehicle. MEM expressed contrition for the incident and highlighted that it had been contrary to the way he had normally operated the vehicle. MEM produced evidence to the regime of checking undertaken in respect of this vehicle which the Sub-Committee inspected. MEM explained that he accepted responsibility for the issue but that it had occurred because of exceptional unforeseen circumstances due to the other driver suffering with illness. MEM highlighted that he had taken steps to amend his system of checks to eliminate the reliance on one person and ensure such an issue could not arise in the future.

MINUTES OF PUBLIC PROTECTION SUB-COMMITTEE MEETING - TUESDAY, 22 FEBRUARY 2022

The Sub-Committee balanced the issue before it with M.E.M's contrition and the steps already taken to remedy the situation. It considered that a warning letter should be issued to M.E.M and condition added to the licence would ensure future compliance in proportionate manner.

Resolved:

1. That in respect of M.E.M. licence holder be issued with a warning letter highlighting that in the event of future issues the licence may be suspended or revoked.
2. That the following conditions be imposed on the licence of the vehicle concerned
 - a) The licence holder or a suitably qualified mechanic must inspect the vehicle on a weekly basis
 - b) The licence holder is to implement a vehicle safety inspection regime to be undertaken at a minimum of every two months by a qualified motor engineer. Such records to be kept for a period of 2 years.
 - c) Records of all servicing to be retained for 2 years, those servicing records to contain the date, vehicle registration number & mileage of the vehicle
 - d) All service/inspection records must be legible
 - e) All records to be produced to enforcement or police officers within 24 hours of the demand being made.
 - f) The licence holder must implement a procedure to ensure that drivers do a visual inspection of the licensed vehicle each time that they take charge of that vehicle and report any faults with it to the licence holder.

7 USE OF DELEGATED POWERS - REVOCATION OF HACKNEY CARRIAGE AND PRIVATE HIRE DRIVER'S LICENCE

The Sub-Committee considered a report on the use of delegated powers to revoke a Hackney Carriage and Private Hire Driver Licences following consultation with the Chairman.

Mr Ryan Ratcliffe, Licensing Enforcement Officer, presented the report to the Sub-Committee. Mr Ratcliffe explained that the driver concerned had been arrested and charged with drink driving following an incident involving a licensed vehicle. While no passengers had been involved- it had been an incident of the most serious level of concern. The driver had attended a meeting on the 14 February 2022 and had admitted the offence and offered no significant mitigation. Following consultation with the Chairman of the Sub-Committee, it had been agreed to revoke both licences and the licence holder had been notified accordingly.

**MINUTES OF PUBLIC PROTECTION SUB-COMMITTEE MEETING - TUESDAY, 22 FEBRUARY
2022**

Resolved:

To note the use of delegated powers by the Trading Standards and Licensing Manager in the period since the last Sub-Committee meeting on 18 January 2022 contained at section 6.8 of the report and outlined above.

Report to:	PUBLIC PROTECTION SUB-COMMITTEE
Relevant Officer:	Lee Petrak, Trading Standards and Licensing Manager
Date of Meeting:	29 March 2022

TAXI FARES - BLACKPOOL LICENSED TAXI OPERATORS ASSOCIATION (B.L.T.O.A.) SUBMISSION RE FUEL SURCHARGE

1.0 Purpose of the report:

- 1.1 To consider appending a surcharge to the existing Blackpool Hackney Carriage tariffs, that takes into consideration the increasing fuel prices.
- 1.2 To consider the rescinding of the existing fuel surcharge introduced in 2008.

2.0 Recommendation(s):

- 2.1 To agree, in principle, the implementation of a tiered surcharge schedule outlined in paragraph 6.4 of this report
- 2.2 To delegate approval of the implementation of a tiered surcharge schedule to the Trading Standards and Licensing Manager. With effect from 31 March 2022 to 31 March 2023. Following the end of the statutory notification period if no further representations raising additional issues are received by that date.
- 2.2 To approve removal of the existing fuel surcharge from the Hackney Carriage at the same time the new fuel surcharge is introduced.

3.0 Reasons for recommendation(s):

- 3.1 The proposed surcharge is intended to allow for global increases in the cost of fuel. In addition, coming out of the pandemic there is a shortage of drivers and this is causing concerns in relation to the night time economy and people's access to taxis. Not supporting the surcharge could escalate this problem as some drivers may find it unfeasible to operate.

The existing surcharge was introduced in 2008 and is deemed to be no longer set at an appropriate level due to the global increases in the cost of fuel.

3.2 Is the recommendation contrary to a plan or strategy adopted or approved by the Council? No

3.3 Is the recommendation in accordance with the Council's approved budget? Yes

4.0 Other alternative options to be considered:

The price of fuel will be subject to continuous review and if prices are subject to further increases consideration will be given to submitting a new fares structure.

5.0 Council Priority:

5.1 The relevant Council Priority is: "The economy – maximising growth and opportunity across Blackpool".

6.0 Background Information

6.1 Section 65 of the Local Government (Miscellaneous Provisions) Act 1976 delegates discretionary powers to local authorities to fix Hackney Carriage fares in their district.

6.2 Following the Russian invasion of the Ukraine, there is increasing concern in the impact upon the gas and oil market. At the time of writing the cost of a litre of diesel at the pump is (according to weekly figures published by the Department for Business, Energy and Industrial Strategy, BEIS) £1.53. With many reports predicting fuel prices could escalate to £1.70 per litre within weeks there are naturally concerns from the trade that they may be unable to operate on the current fare structure should prices continue to escalate.

6.3 The current fare structure was implemented in September 2021. The fares set in this update were put together in July 2021 when the cost of a litre of diesel was according to BEIS, £1.34. At the time of implementation this was £1.37 and by December 2021 this increased to £1.50.

6.4 In order to allow the trade to make allowances for the rising cost of fuel, it is proposed that additional extras be added to each journey/fare applicable depending upon the price of a litre of diesel and unleaded according to BEIS as follows:

Diesel

- £1.50 or above 1 extra surcharge of 30p to be added for each journey
- £1.65 or above – 2 extras added
- £1.80 or above – 3 extras added
- £1.95 or above – 4 extras added.

Unleaded

- £1.48 or above 1 extra surcharge of 30p to be added for each journey
- £1.63 or above – 2 extras added
- £1.78 or above – 3 extras added
- £1.93 or above – 4 extras added.

6.5 It is recommended to support the surcharge as highlighted in 6.4 until 31 March 2023, with a review carried out prior to that date in order to understand the impact and market conditions at that time.

6.6 In April 2008 the Sub-Committee agreed to introduce a fuel surcharge as part of the fare structure. A 20p surcharge to be added in the event that the price of diesel rose above 147.5 pence per litre.

6.7 The new proposal set out in 6.4 above would replace the existing fuel surcharge.

6.8 At the time of writing this report the advertisement for the fuel surcharge proposals is being placed in the local newspaper on the 18 March 2022 and any objections/comments to those proposals will be accepted within 14 days of that date. Any objections/comments received prior to the meeting on the 29 March 2022 will be made available as a supplementary item to this report.

6.9 The Licensing Service has already received a comment from a Mr Charnock asking the Council to consider a new fare structure in place of a surcharge. He recommends this on the basis of his view that fuel prices are sharply rising and that the surcharge proposal is open to abuse. Despite this, the surcharge proposal is recommended on the basis that any new fare structure proposed may quickly become outdated. In addition to this the statement that dishonest practices, such as the adding of extras, may be more likely to occur with a surcharge in place over a revised fare chart, is unqualified. The implementation of a surcharge at this point would not stop the Sub-Committee considering reviewing the full fare chart at a future meeting once the situation is clearer. However the approval of a surcharge now remains the recommendation due to the unique responsiveness of this option to a developing and complex situation.

6.10 Does the information submitted include any exempt information? No

7.0 **List of Appendices:**

None.

8.0 Financial considerations:

8.1 The surcharge does not impact on the Council's fees and charges as it is retained by the taxi operator.

9.0 Legal considerations:

9.1 Statutory notification period of minimum 14 days before any change can be implemented.

10.0 Risk Management considerations:

10.1 To not support the surcharge could result in fewer taxi drivers on the ground operating.

11.0 Equalities considerations:

11.1 The impact of these increased fees on the public/service users that share protected equality characteristics has been considered. At this stage the view is that there will be no impact.

12.0 Sustainability, climate change and environmental considerations:

12.1 None.

13.0 Internal/ External Consultation undertaken:

14.1 If approved, the Licensing Service will develop arrangements to communicate when the surcharge will be in operation.
