### Commentary on the key issues:

#### Directorate Summary – basis

The Revenue summary (above) lists the latest outturn projection for each individual scheme against their respective, currently approved revenue budget. Forecast outturns are based upon actual financial performance for the first 7 months of 2015/16 together with predictions of performance, anticipated pressures and efficiencies in the remainder of the financial year, all of which have been agreed with the services leads

#### Public Health Grant

The Public Health Grant is a central government grant which is ring-fenced until March 2016 after which the grant will be based on a national formula. Following on from the Department of Health public consultation on the in-year cut to the Public Health grant, this has resulted in a 6.2% cut for all Local Authorities, reducing the grant by £1.207m from £19.497m to £18.29m.

The grant conditions require quarterly financial reporting of spend against a prescribed set of headings and spend of the grant must link explicitly to the Health and Wellbeing Strategy, Public Health Outcomes Framework and Joint Strategic Needs Assessment

#### Payment by Results (PbR)/ Activity-based Commissioning

A number of Public Health schemes' payments are linked to activity. The aim of Payment by Results (PbR) is to provide a transparent, rules-based system for payment. It rewards outputs, outcomes and supports patient choice and diversity. Payment will be linked to activity. This does, however, raise a number of challenges when determining accurate budgetary spend/forecast spend.

**Summary of the Public Health Directorate financial position**

As at the end of October 2015, the Public Health Directorate is forecasting an overspend of £1.207m against a grant total of £18.29m, due to the in-year grant cut from the Department of Health for the financial year to March 2016.

**Budget Holder – Dr Arif Rajpura, Director of Public Health**
