Re Application for music licence
at "Boats Head" Preston Rd.

Dear Sir

I am writing to you over
yet another attempt to gain an
application for a music licence
at the above address.

Over the past years every time
a new landlord is installed we
seem to go through the same
procedure, and every time we
have the same outcome, licence
denied, I cannot believe that
after all the failed attempts
that this licence should ever
be considered owing to the
location, disruption and

noise leveal which is sure to happen with a music license.

Blackpool is on the doorstep and provides music for everyone in a non-residential area, is that not enough?

I cannot but think that granting this license would make the lives of the occupants in the immediate vicinity unbearable.

After the re-vamp of the "Beers Head" I have got to say it looks better than it has for years inside and out, but I still feel amplified music until 1-30AM at weekends is not conducive to a residential area.

Yours Sincerely
Mrs. P. Fisher
