4.4 **Local policy considerations**

None

4.5 **National policy considerations**

9.42 – The authority’s decision should be evidence-based, justified as being appropriate for the promotion of the licensing objectives and proportionate to what it is intended to achieve.

9.43 – Determination of whether an action or step is appropriate for the promotion of the licensing objectives requires an assessment of what action or step would be suitable to achieve that end. Whilst this does not therefore require a licensing authority to decide that no lesser step will achieve the aim, the authority should aim to consider the potential burden that the condition would impose on the premises licence holder as well as the potential benefit in terms of promotion of the licensing objectives. However, it is imperative that the authority ensures that the factors which form the basis of its determination are limited to consideration of the promotion of the licensing objectives and nothing outside those parameters.

4.6 **Observations**

This premises was previously licensed under the name Belgrave Madison from 2005 until the licence was surrendered in July 2014. The hotel was licensed prior to this by the Magistrates’ Court. The previous licence authorised similar activities with identical hours to those requested in this application.
