**5.0 Background Information**

5.1 The Board's second 'inward looking' session focussed on the next stage of development a year after becoming formally operational and provided an opportunity for members to come together to consider how best to implement the recommendations from the health and wellbeing peer challenge.

5.2 The session facilitated by Sir Steve Houghton, Leader of Barnsley Council and Chair of Barnsley Health and Wellbeing Board and Satvinder Rana, LGA Programme Manager covered the following areas:

- The key recommendations from the health and wellbeing peer challenge and how to implement them
- Progress in delivering the priorities set out in the Joint Health and Wellbeing Strategy
- How the priorities could be reduced to achieve a bigger impact
- Leadership of the health and wellbeing agenda locally
- Current and future governance and accountability arrangements
- Engagement with local communities

5.3 As part of the session a number of case studies/developmental scenarios were used to stimulate discussion and aide thinking about the Board's role as systems leaders in the context of a complex and challenging health and wellbeing landscape.

5.4 A key outcome was the discussion that centred on the Board's future strategic direction and the key drivers that would make the biggest impact against the 21 priorities set out in the current Joint Health and Wellbeing Strategy. After some debate in groups, four key drivers were identified –set out in the table below. There was consensus and emphasis towards early intervention and more upstream activity:

<b>Driver</b>	Stabilising the Housing Market	Substance misuse alcohol drugs and tobacco	Social Isolation/ Community Resilience	Early Intervention
<b>Suggested Board Action or Role</b>	Obtain clarity on partner contribution  Work with partners to improve HMO stock via selective licensing	Address lifestyle issues through education programmes and policy intervention e.g. Local EMRO	Address social isolation for all ages and build community resilience  Obtain clarity on partner contribution and ensure services are joined up	Encourage more upstream interventions at the earliest stage of life possible to make the most gains. Better Start being the catalyst for change.
