**Part 3 – Reason for Review**

This application to review relates to the following licensing objective(s):

Please tick

1) the prevention of crime and disorder	✓
2) public safety	✓
3) the prevention of public nuisance	
4) the protection of children from harm	

**Please state the ground(s) for review (please read guidance note 1 before completing)**

The Premises was most recently visited on the 21<sup>st</sup> May 2014, concerns with the electrical install were noted as well as Health and Safety concerns which have previously been raised at the premises.

The premises were notified of fairly basic issues in relation to health and Safety on the 8<sup>th</sup> January 2014, these matters were sent in writing, see Document 1.

The visit of the 21<sup>st</sup> revealed that little if any improvement had occurred, the same issues were still a problem and in addition concerns in relation to fire safety were also raised, namely;

1. No Fire Separation between the basement and 1<sup>st</sup> floor.
2. Excessive combustibles stored in the cellar area

**Matters of Concern**

Whilst the matters above in isolation are not serious they had all been notified to the Licence Holder in writing, the Sec 182 Guidance is clear to say that if notification is given of concerns and no improvement follows then the likelihood of a review is strong.

In addition to the items above in November 2013 the property was suspected of electrical theft and full details and evidence will be provided by Health and Safety in there representations.

**Recommendations**

The Premises sits in an area subject to a Saturation Policy, as such the standard of management of such premises should be as good as possible, with issues of electrical theft and the subsequent danger this poses to buildings adjoined, the risks of a fire spreading quickly and possibly going undetected till the last minute and the inadequacy of response from the Licence Holder to very simple and basic workplace safety issues one really has to question the capability of such a Licence Holder.

Any faith and trust in the licence holder has been undermined by the conduct detailed above and we are of the belief that this is a holistic example of irresponsible trading and the Committee should consider it powers to revoke the licence subject to the considerations detailed in Para 11.23 of the Section 182 Guidance.

**Please provide as much information as possible to support the application. Continue on a separate sheet if necessary. (Please read guidance note 2 before completing)**
