Dear Sir

Re: PLO134

I write further to my visit on the 7th January 2014 where I came to check on the compliance of the conditions of your premises licence. Whilst an only a very cursory examination of your records were done, things appeared to be in order.

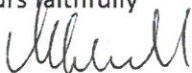

However, some concerns relating to Health and Safety were noted.

1. The floor covering behind the counter was inadequate and required repair or replacement.
2. The store room and passageway through to the back door was obstructed with discarded cardboard.
3. The stairwell down to the cellar should be clear from obstructions, the ladders were an issue, and the lack of a handrail was noted.
4. At the foot of the stairwell a large open gulley/drain presented a serious tripping hazard.

As a business and an employer the matters detailed above could leave you liable to offences under the Workplace (Health, Safety and Welfare) Regulations 1992.

I have enclosed photographs to assist you in dealing with the concerns raised on the day.

Yours faithfully

Mark Marshall
