## **Commentary on the key issues:**

The Revenue summary (above) lists the outturn projection for the service against its respective, currently approved, revenue budget. The adjusted budget includes the approved 2013/2014 underspend carried forward. Forecast outturns are based upon actual financial performance for the first four months of 2014/2015 together with predictions of performance, anticipated pressures and efficiencies in the remainder of the financial year.

The department is forecasting a break even position for 2014/2015.
