Dear Sir

I am a bit concerned as to hearing that the Sandringham Court Hotel on Reads Avenue which is directly across road from me. has applied for an extension in their opening hours to accommodate Dances and the such. Just to say that a lot of times during the 2014 season, many of our guests have got up for Breakfast and complained of the noise from this particular hotel at all hours through the night. and one particular instance regarding a man turning up in a bus with all his friends in a Nappy in which one of his mates decided to rip it off him that left him naked, we take a lot of children in our quiet home which doesn't look good. Please consider this

Sincerely A Noble
