I Sraj Alosch confirm that Mr Marwan Neif has been employed by me for for a period of 3 years in my store The Coliseum on 53 tyldesley road Blackpool, finishing in September 2014. The store has a premises licence for the supply of alcohol.

I am the premises licence holder and DPS.i confirm that Mr Neif has during his employment been engaged in serving the public with all types of age related products, and has done so under the supervision of a personal licence holder.

During his considerable time working on the shops front line he has complied with all our requirements to meet the licencing objectives, and has successfully passed all our training requirements.

There have been no incidents whatsoever during his employment, and has always complied with the requirements of the licencing Act 2003 and the conditions attached to my license.

I would have no hesitation in recommending Mr Neif for the position of a shop manager or proprietor and consider him a suitable person to hold a premises licence for the supply of alcohol .
