Dear Sir or Madam

I believe the council should to protect vulnerable people (of which there seem to be many more in Blackpool town centre than elsewhere), restrict more gambling premises with one armed bandits from grouping together in this part of the town centre.

There is a gaming arcade right next door!

There are problems with these groups which are only found in Blackpool and which don't occur in other centres like Preston or other seaside towns such as St Annes or Fleetwood.

Please refuse the application because of this.
