Good afternoon

I write further to previous communication in respect of the licensing application for 253 Fleetwood Road.

I would like the issues of security to be taken into consideration in determination of this application.

The premises in their current form do not, in my opinion render themselves as a safe and secure location for the storage of alcohol products. The garage in particular is not secured and would from a public safety point of view be detrimental to the wellbeing of any children for example who may legitimately or otherwise gain access to the premises and therefore the alcohol products.

I feel strongly that the issues of security should be taken into account as the over-riding factor in my objection to this application.

Many thanks

Councillor Julie Sloman  
Norbreck Ward
