4.0 Other alternative options to be considered:

4.1 None, once an application is submitted and representations received it must be considered by the Licensing Panel.

5.0 Council priority:

5.1 The relevant Council priority is

- “The economy: Maximising growth and opportunity across Blackpool”

6.0 Background information

- 6.1 On 28th September the Licensing Service received a completed application from Mr Gheorghe Camarasan the director of Nova International Supermarket Ltd for a Premises Licence at Nova International Supermarket, 156 Central Drive, Blackpool, FY1 5EA. The property has never held a Premises Licence
- 6.2 The application requests permission to sell alcohol for consumption off the premises 07.00 – 23.00 Monday to Sunday with opening hours also from 07:00 to 23:00 Monday to Sunday. A copy of the application is attached at Appendix 4a.
- 6.3 Representations have been received from the Licensing Authority, Lancashire Constabulary and the Child Protection Licensing Officer. Copies of the representations are attached at Appendices 4b to 4d.
- 6.4 Local policy considerations:

The premises falls within the area covered by the Off Licence Cumulative Impact Assessment (CIA). The following sections of the policy are relevant:

4.9.1 The location of the main concentration of off-licensed premises suffers from high levels of alcohol related crime and alcohol related hospital admissions. Applications for new licences, or variation of hours within this area will be refused unless the applicant can demonstrate that their application will not lead to an increase in the impact of off licensed premises in this area.

4.10.1 Applications for new licences or variations to existing licences within a cumulative impact area, which are likely to add to the existing cumulative impact, will normally be refused if a relevant representation is received. To persuade the Council to depart from its policy an applicant must demonstrate that their application will not add to the existing cumulative impact in the area. This should be done through the operating schedule and the risk assessment process (if used).

4.10.4 Examples of factors the licensing authority will not consider to rebut the presumption of refusal:

- The premises will be well managed and run as all licensed premises should meet this standard
- The premises will be constructed to a high standard
- The applicant operates similar premises elsewhere without complaint.

4.10.6 Where representations are received the Council will consider the circumstances of each individual application and decide whether it would be justified in departing from its policy and CIA in the light of the individual circumstances of the case.

6.5 National policy considerations:

9.12 – Each responsible authority will be an expert in their respective field, and in some cases it is likely that a particular responsible authority will be the licensing authority’s main source of advice in relation to a particular licensing objective... any responsible authority under the 2003 Act may make representations with regard to any of the licensing objectives if they have evidence to support such representations. Licensing authorities must therefore consider all relevant representations from responsible authorities carefully... However, it remains incumbent on all responsible authorities to ensure that their representations can withstand the scrutiny to which they would be subject at a hearing.

9.43 – The authority’s decision should be evidence-based, justified as being appropriate for the promotion of the licensing objectives and proportionate to what it is intended to achieve.

14.44 – After receiving relevant representations in relation to a new application for... a licence or certificate, the licensing authority must consider whether it would be justified in departing from its CIA in the light of the individual circumstances of the case... If the licensing authority decides that an application should be refused, it will still need to show that the grant of the application would undermine the promotion of one or more of the licensing objectives and that appropriate conditions would be ineffective in preventing the problems involved.
