6.0 Background Information

- 6.1 Blackpool Council is responsible for ensuring that its business is conducted in accordance with the law and proper standards. It needs to ensure that public money is safeguarded, properly accounted for and used economically, efficiently and effectively. This applies equally to its partnerships, which have become an increasingly important way of delivering strategic objectives and services but which produce particular risk and governance issues. For example, partners from different organisations with different priorities and cultures may not have the same opinion about partnership objectives, outcomes and activity. The Council needs to protect itself from risk when working with other partners on significant issues.
- 6.2 The Council therefore needs to know what its significant partnerships are, understand their purpose, how they are operated and governed and be able to influence arrangements where necessary. This framework plays a key role by setting expectations of how 'Significant' partnerships should be governed and by establishing the procedures the Council uses to obtain assurance over them. Although this framework is aimed at 'Significant' partnerships, the principles within it can be adapted for other partnerships.
- 6.3 To protect the position of the Council and its residents, the Council needs assurance that partnership governance supports its operation, including in such key areas as decision-making, accountability and regulatory compliance. The proposed framework complies with good practice, including 'Delivering Good Governance in Local Government' (CIPFA/SOLACE) 2016 and 'Governing Partnerships: Bridging the Accountability Gap' (Audit Commission).
- 6.4 This framework is for those already involved in partnerships or who are looking at establishing new partnerships. Its purpose is to help officers and members evaluate and influence partnership governance by defining what a 'Significant partnership' is and setting out the principles of partnership governance. The officer Good Governance Group, will be tasked with providing practical guidance, model policies and templates.
