Good Morning,

I have been asked by Cllr Maxine Callow that her objections for: 253 Fleetwood Road - application for a licence to sell online alcohol from these premises, are passed on to the Licencing Department:

'The premises are not secure to store alcohol so there is public safety involved. The premises are situated at a residential property and storage is proposed for a rear building. My concerns are that children and passer's by can easily access the storage area. On the grounds of public safety I object most strongly.'

Many thanks,

Claire Davey
