### 5.0 Background Information

5.1 At their meeting on 15 December 2016 the Tourism, Economy and Resources Scrutiny Committee confirmed their approval to a revised approach for the reporting of consultancy spend. This annual report sets out details of payments made to

external consultants across the whole Council in 2021/22 relating to both business and technical services.

5.1.1 The report indicates that a total of **£3,107,097.06** was spent across the Council with external consultants during 2021/22. A detailed analysis is provided at Appendix 7(a).

5.1.2 Compared with the 2020/21 figure of **£3,944,906.40** the above figure shows a decrease in spend with external consultants.

5.1.3 Does the information submitted include any exempt information? No

## 5.2 **List of Appendices:**

Appendix 7(a) – External Consultants Spend Analysis 2021/22 (Over 25k)

Appendix 7(b) - External Consultants Spend Analysis 2021/22 (Under 25k)

## 6.0 **Financial considerations:**

The consultancy spend was contained within the 2021/22 approved budget and in some cases subject to external grant funding.

## 7.0 **Legal considerations**

7.1 All Council expenditure over £250 is already published as part of Transparency Code requirements and therefore the provision of the data in this format should not breach any data protection requirements.

## 8.0 **Risk management considerations:**

8.1 Due to limited resources and capacity, the Council would be unable to fulfil all of its statutory requirements and deliver its capital programme without the advice and support from external consultants.

8.2 For some projects, the use of consultants is critical, taking the Museum and the Tramway Extension as examples. In both cases, the funding we have received from external agencies requires us to appoint certain experts to ensure the security of the funding. These may be specialists that are recommended by the funders as having specific skills such as a Heritage Architect or a Tramway Engineer. Because these services are project specific, demand is not constant; employing these experts on a full-time basis would not be cost effective.

**9.0 Equalities considerations:**

9.1 Equalities considerations will be taken with each individual engagement.

**10.0 Sustainability, climate change and environmental considerations:**

10.1 None.

**11.0 Internal/ External Consultation undertaken:**

11.1 This report has been produced jointly by Internal Audit and the Corporate Procurement and Projects Team.

**12.0 Background papers:**

12.1 None
