

The table below should be completed by intervention. Enter the amount of the UKSPF allocation you are assigning to each intervention in columns E to G for each Financial Year. Capital and revenue amounts (£) should be entered for each intervention by financial year in the guidance to support your calculations). Interventions must be completed by March 2025 as detailed in Section 7 of the Prospectus for completion where local authorities have decided to fund targeted people and skills provision in 2022-23 and 2023-24 where the funding is ending due to the tail off of EU funds. This flexibility may only be used where provision is currently delivered by voluntary and community funding.
