| <p>NHS AND SOCIAL CARE INTEGRATION: PLACE BASED PARTNERSHIP DEVELOPMENTS</p> <p>The Executive resolved as follows:</p> <ol style="list-style-type: none"> 1. To support the Lancashire and South Cumbria Integrated Care Board's (ICB) decision to change the Place Based Partnership footprint from Fylde Coast (Blackpool, Fylde and Wyre) to Blackpool, in line with the Upper Tier Local Authority footprint and as one of four Place Based Partnerships in Lancashire and South Cumbria (formerly five), each co-terminus with their respective Upper Tier Local Authorities. 2. To note the decision of the Chief Officers Employment Committee to approve the appointment of Karen Smith, Blackpool Council Director of Adult Social Services (DASS) to the joint Local Authority and Integrated Care Board appointment of Director of Health and Care Integration for Blackpool, (encompassing the statutory Director of Adult Social Services role). 3. To endorse the active participation of relevant Council Officers and Members in key groups relating to the Place Based Partnership for Blackpool and to note that the Leader of the Council will appoint elected member representatives under the appointments to outside body executive delegation. | <p>National Policy sets out a clear intention of a more joined-up approach to health and care built on collaborative relationships; using the collective resources of the local system, NHS, local authorities, the voluntary sector and others to improve the health of local areas.</p> <p>The changes made by the Integrated Care Board to the Place Based Partnership footprint, together with the joint Local Authority and NHS appointment of a Director of Health and Care Integration for Blackpool, allow resources and decision making to be aligned to local needs and priorities for Blackpool. As it is co-terminus with the local authority area it also allows a more simplified structure to operate. Elected members, businesses, health, social care, and community organisations, together with our residents will be better able to shape and influence priorities specific to Blackpool, rather than the wider Fylde Coast, whose population in many respects has different characteristics and needs.</p> <p>The Council and its partners must work together to improve outcomes for people already in need of health and care services and to focus efforts on supporting the lifelong journey of the population to be born healthier, enjoy better lifelong health and wellbeing and a longer life. Blackpool's outcomes in these areas remain among the poorest in England and reducing health inequalities is a key policy aim.</p> | EX31/2022 | 05/09/2022 | Councillor Farrell, Cabinet Member for Adult Social Care and Community Health and Wellbeing |
