Both providers are keen that the leaflet (while not recommending any provider in particular) helps people understand what meals on wheels can offer and what questions people could consider asking when they are looking to decide what is right for them. The providers are happy to work with the Council on the wording and content of the leaflet, and we will also be checking it works for the intended audience through its development (service users and friends and family). It is expected that a draft will be presented to the Committee in the new year.</p>
