## 6.0 Background information

6.1 On 5<sup>th</sup> October 2022 the Licensing Service received a Variation application from Mr Mark Marshall of MM Squared Services on behalf of Perashath Selveraja, the director of Kanee Convenience Store for a Variation to the Premises Licence at Kanee Convenience Store, 58 Dickson Road, Blackpool, FY1 2AJ. The licence has been in the name of the current licence holder since August 2022. The licence currently allows off sale of alcohol Monday-Saturday 08:00-23:00 and Sunday 10:00-22:30.

6.2 The application requests permission to sell alcohol for consumption off the premises for an additional hour Monday to Sunday inclusive with opening hours also from 08:00 to 00:00 Monday to Sunday inclusive. The applicant has also volunteered a number of conditions on the application form which will be attached to the Premises Licence if granted, a copy of the application is attached at Appendix 4(a). Additional information from the applicant's agent has been received and is attached at Appendix 4(b).

6.3 A Representation has been received from Lancashire Constabulary. A copy of the representation is attached at Appendix 4(c).

6.4 Local policy considerations:

The premises falls within the area covered by the Off Licence Cumulative Impact Assessment (CIA). The following sections of the policy are relevant:

4.9.1 The location of the main concentration of off-licensed premises suffers from high levels of alcohol related crime and alcohol related hospital admissions. Applications for new licences, or variation of hours within this area will be refused unless the applicant can demonstrate that their application will not lead to an increase in the impact of off licensed premises in this area.

4.10.1 Applications for new licences or variations to existing licences within a cumulative impact area, which are likely to add to the existing cumulative impact, will normally be refused if a relevant representation is received. To persuade the Council to depart from its policy an applicant must demonstrate that their application will not add to the existing cumulative impact in the area. This should be done through the operating schedule and the risk assessment process (if used).

4.10.4 Examples of factors the licensing authority will not consider to rebut the presumption of refusal:

- The premises will be well managed and run as all licensed premises should meet this standard
- The premises will be constructed to a high standard
- The applicant operates similar premises elsewhere without complaint.

4.10.6 Where representations are received the Council will consider the circumstances of each individual application and decide whether it would be justified in departing from its policy and CIA in the light of the individual circumstances of the case.

6.5 National policy considerations:

9.12 – Each responsible authority will be an expert in their respective field, and in some cases it is likely that a particular responsible authority will be the licensing authority’s main source of advice in relation to a particular licensing objective... any responsible authority under the 2003 Act may make representations with regard to any of the licensing objectives if they have evidence to support such representations. Licensing authorities must therefore consider all relevant representations from responsible authorities carefully... However, it remains incumbent on all responsible authorities to ensure that their representations can withstand the scrutiny to which they would be subject at a hearing.

9.43 – The authority’s decision should be evidence-based, justified as being appropriate for the promotion of the licensing objectives and proportionate to what it is intended to achieve.

14.44 – After receiving relevant representations in relation to a new application for... a licence or certificate, the licensing authority must consider whether it would be justified in departing from its CIA in the light of the individual circumstances of the case... If the licensing authority decides that an application should be refused, it will still need to show that the grant of the application would undermine the promotion of one or more of the licensing objectives and that appropriate conditions would be ineffective in preventing the problems involved.
