29/10/2021 03:53 hours 3208 3208 - (WEBSTORM)
male is as a result of the kick in the head or from being put to the ground.

WA22N - I have spoken with officers at scene. They are obtaining a statement from the bouncer and its believed that the injury to the males head is as a result from the kick.

29/10/2021 04:32 hours 4723 4723 - (WEBSTORM)

WA22N - Regarding the injuries, the member of the public who kicked the offender is currently unknown and has not been identified - this person kicked the offender to the face and

29/10/2021 04:32 hours 4723 4723 - (WEBSTORM)

could have caused facial injuries - but due to the males behaviour and smacking his head against the van cage - it will be difficult to establish what injuries were actually

29/10/2021 04:32 hours 4723 4723 - (WEBSTORM)

caused by this kick. My workin assumption is that the laceration has been caused by the bouncers taking the male to the floor which is more than reasonable given the

29/10/2021 04:32 hours 4723 4723 - (WEBSTORM)

circumstances. Along with the obvious investigation/case - we will also input an investigation with the offender as a victim for the kick to the head
