Commentary on the key issues:

Directorate Summary – basis

The Revenue summary (above) lists the outturn projection for each individual service area within the Directorate against their respective, currently approved, revenue budget. The forecast outturn is based upon actual financial performance for the first 3 months of 2023/24 together with predictions of performance, anticipated pressures and efficiencies in the remainder of the financial year, all of which have been agreed with each head of service.

Economic Development and Cultural Services

This service is currently forecasting a break-even position.

Planning

This service is currently forecasting a break-even position.

Tourism and Communications

This service is forecasting a break-even position. However, there are risks around income generation in the Directorate as a result of the cost of living crisis and increased costs in relation to the Illuminations extension that will be quantified later in the year.
