## Commentary on the key issues:

In order to provide a complete picture of the Council's financial performance, the above table provides a snapshot of the General Fund balance sheet as at the end of month 4. The key areas of focus are any significant movements in debtors, cash and cash equivalents, bank overdraft and creditors as these impact upon the Council's performance in the critical areas of debt recovery, treasury management and Public Sector Payment Policy.

The balance sheet has been prepared under International Financial Reporting Standards (IFRS/IAS's). Each year an accounting adjustment under IAS 19 is made for the value of the pension fund at year-end. In 2022/23, for the first time, this produced a pension asset rather than a pension liability. Based on the latest advice from the Pension Fund the Council has not recognised the pension asset. However this is currently under review and therefore the figure is subject to change. Any change will also affect the unusable reserves. Usable reserves include unallocated General Fund reserves and revenue reserves. Unusable reserves are those that the Council is not able to use to provide services. This category includes reserves that hold unrealised gains and losses (for example the Revaluation Reserve), where amounts would only become available to provide services if the assets were sold.

Due to statutory changes regarding the accounting treatment of infrastructure assets which were approved in Parliament in late November 2022, the 2020/21 and 2021/22 accounts have not yet been signed off by the Council's external auditor. The audits are still ongoing and as soon as they are completed the 2022/23 balance sheet may require amendment, therefore the figures above should be treated as draft.

Over the 4-month period there has been an increase in Property, Plant and Equipment of £25.7m due to capital expenditure which is in line with the Council's approved capital programme for 2023/24. Short-term borrowing has reduced by £18.3m due to the timing of capital and revenue grants.
