Directorate Summary - basis

The Revenue summary (above) lists the outturn projection for the Service against its respective, currently approved, revenue budget. The forecast outturn is based upon actual financial performance for the first 5 months of 2023/24 together with predictions of performance, anticipated pressures and efficiencies in the remainder of the financial year, all of which have been agreed with the head of service.

Key Issues

In month 5, Strategic Leisure Assets are reporting an underspend of £854k. This is due to a reduction in the forecast repair spend and a release from reserves no longer expected to be required.

In accordance with the original decision for this programme by the Executive on 7th February 2011, any under or overspend on Strategic Leisure Assets will be transferred to Earmarked Reserves to go against the current balance. The cumulative deficit as at March 2022/23 was £10,690k. In 2023/24, a transfer of £1,420k has been made to Contributions to Reserves reducing this deficit balance to £9,270k. This transfer is in line with the budget. The above underspend will further reduce this deficit to £8,416k.

The latest Leisure Assets medium-term financial plan currently expects the service to break-even, in-year, from 2023/24 and cumulatively by 2034/35.
