# Commentary on the key issues:

# **Directorate Summary – basis**

• The Revenue summary (above) lists the latest outturn projection for each individual service within the Children's Services Directorate against their respective, currently approved revenue budget. Forecast outturns are based upon actual financial performance for the first 4 months of 2015/16 together with predictions of performance, anticipated pressures and efficiencies in the remainder of the financial year, all of which have been agreed with each head of service.

# **Dedicated Schools Grant Funded Services**

The Dedicated Schools Grant (DSG) is the funding stream that supports the Schools Budget, which
includes amounts that are devolved through the Individual School Budget, together with centrallyretained pupil-related services as listed in the revenue summary. Any under or overspends against
services funded by the DSG will be carried forward to 2016/2017 and, in the case of overspends,
become the first call on the grant in that year.

# Lifelong Learning and Schools

• A Priority Led Budgeting (PLB) savings target of £400,000 was applied to the Skills, Education and Employment division in 2015/2016, to be achieved through a review of synergies between the Positive Steps and Connexions services. The review was carried out and no savings identified, however, it is anticipated that the target will be achieved through the maximisation of external income sources across the whole of Lifelong Learning and Schools.

# **Early Help for Children and Families**

• Significant progress has been made against the challenging £1.4m 2015/2016 PLB savings target that was applied to the Early Help division. Several reviews, including an assessment of the nursery provision in the authority's children's centres, are nearing completion. One-off funding has been identified to offset shortfalls in full year effect savings in the current year, and the savings look close to being realised in full from 2016/2017.

# **Children's Social Care**

• The Children's Social Care division is forecasting an overspend of £569,000 due to the high cost of Looked After Children (LAC). Whilst numbers have stabilised at around 460 for over 12 months, the overspend is as a result of placement mix as highlighted in the graphs on the following pages. The variation in unit costs is significant with an average residential placement equivalent in cost to nine internal fostering placements and the most expensive placement equal to eighteen. Maximising less costly placements is, therefore, a key element of the recovery plan, and to this end placements are reviewed at a fortnightly panel.

# **Children's Safeguarding**

• Child Protection cases have recently reached very high levels, and the forecast overspend shown reflects ongoing pressures on the staffing budget.

# Local Services Support Grant

• A shortfall in grant of £104,000 is forecast relating to a cut in the Department for Education Extended Rights to Free Travel element from £118k to £14k in 2015/16.

# **Education Services Grant**

• From April 2013, the education functions provided by local authorities have been funded from the Education Services Grant (ESG). The Council receives £87 per pupil in relation to the pupils in schools maintained by the authority plus £15 for each pupil in all schools and academies in respect of responsibilities retained for every pupil within our boundary. A shortfall in grant of £1.085m is included in the forecast overspend, relating to the anticipated loss of funding due to both historical and in-year academy conversions.

# Summary of the Children's Services financial position

As at the end of July 2015 the Children's Services Directorate is forecasting an overspend of £1.853m for the financial year to March 2016.

Note: The variance between the current total number of Looked After Children (447) and the total internal fostering and external placement numbers (347) is children with care orders, adoption placements etc. They are still classed as LAC but do not incur any commissioned costs.
