Appendix 3b

Better Care Fund 2019/20 Template

1. Guidance

Overview

Note on entering information into this template

Throughout the template, cells which are open for input have a yellow background and those that are pre-populated have a grey background, as below:

Data needs inputting in the cell

Pre-populated cells

Note on viewing the sheets optimally

For a more optimal view each of the sheets and in particular the drop down lists clearly on screen, please change the zoom level between 90% - 100%. Most drop downs are also available to view as lists within the relevant sheet or in the guidance sheet for readability if required.

The details of each sheet within the template are outlined below.

Checklist (click to go to Checklist, included in the Cover sheet)

- 1. This section helps identify the data fields that have not been completed. All fields that appear as incomplete should be complete before sending to the Better Care Support Team.
- 2. It is sectioned out by sheet name and contains the description of the information required, cell reference for the question and the 'checker' column which updates automatically as questions within each sheet are completed.
- 3. The checker column will appear 'Red' and contain the word 'No' if the information has not been completed. Clicking on the corresponding 'Cell Reference' column will link to the incomplete cell for completion. Once completed the checker column will change to 'Green' and contain the word 'Yes'
- 4. The 'sheet completed' cell will update when all 'checker' values for the sheet are green containing the word 'Yes'.
- 5. Once the checker column contains all cells marked 'Yes' the 'Incomplete Template' cell (below the title) will change to 'Complete Template'.
- 6. Please ensure that all boxes on the checklist are green before submission.

2. Cover (click to go to sheet)

- 1. The cover sheet provides essential information on the area for which the template is being completed, contacts and sign off.
- 2. Question completion tracks the number of questions that have been completed; when all the questions in each section of the template have been completed the cell will turn green. Only when all cells are green should the template be sent to england.bettercaresupport@nhs.net
- 3. Please note that in line with fair processing of personal data we collect email addresses to communicate with key individuals from the local areas for various purposes relating to the delivery of the BCF plans including plan development, assurance, approval and provision of support.

 We remove these addresses from the supplied templates when they are collated and delete them when they are no longer needed.

 Please let us know if any of the submitted contact information changes during the BCF planning cycle so we are able to communicate with the right peop

Please let us know if any of the submitted contact information changes during the BCF planning cycle so we are able to communicate with the right people in a timely manner.

4. Strategic Narrative (click to go to sheet)

This section of the template should set out the agreed approach locally to integration of health & social care. The narratives should focus on updating existing plans, and changes since integration plans were set out until 2020 rather than reiterating them and can be short. Word limits have been applied to each section and these are indicated on the worksheet.

- 1. Approach to integrating care around the person. This should set out your approach to integrating health and social care around the people, particularly those with long term health and care needs. This should highlight developments since 2017 and cover areas such as prevention.
- 2 i. Approach to integrating services at HWB level (including any arrangements at neighbourhood level where relevant). This should set out the agreed approach and services that will be commissioned through the BCF. Where schemes are new or approaches locally have changed, you should set out a short rationale.
- 2 ii. DFG and wider services. This should describe your approach to integration and joint commissioning/delivery with wider services. In all cases this should include housing, and a short narrative on use of the DFG to support people with care needs to remain independent through adaptations or other capital expenditure on their homes. This should include any discretionary use of the DFG.
- 3. How your BCF plan and other local plans align with the wider system and support integrated approaches. Examples may include the read across to the STP (Sustainability Transformation Partnerships) or ICS (Integrated Care Systems) plan(s) for your area and any other relevant strategies.

You can attach (in the e-mail) visuals and illustrations to aid understanding if this will assist assurers in understanding your local approach.

5. Income (click to go to sheet

- 1. This sheet should be used to specify all funding contributions to the Health and Wellbeing Board's Better Care Fund (BCF) plan and pooled budget for 2019/20. On selected the HWB from the Cover page, this sheet will be pre-populated with the minimum CCG contributions to the BCF, DFG (Disabled Facilities Grant), iBCF (improved Better Care Fund) and Winter Pressures allocations to be pooled within the BCF. These cannot be edited.
- 2. Please select whether any additional contributions to the BCF pool are being made from Local Authorities or the CCGs and as applicable enter the amounts in the fields highlighted in 'yellow'. These will appear as funding sources when planning expenditure. The fields for Additional contributions can be utilised to include any relevant carry-overs from the previous year.
- 3. Please use the comment boxes alongside to add any specific detail around this additional contribution including any relevant carry-overs assigned from previous years. All allocations are rounded to the nearest pound.
- 4. For any questions regarding the BCF funding allocations, please contact England.bettercaresupport@nhs.net

6. Expenditure (click to go to sheet)

This sheet should be used to set out the schemes that constitute the BCF plan for the HWB including the planned expenditure and the attributes to describe the scheme. This information is then aggregated and utilised to analyse the BCF plans nationally and sets the basis for future reporting and to particularly demonstrate that National Condition 2 and 3 are met.

The table is set out to capture a range of information about how schemes are being funded and the types of services they are providing. There may be scenarios when several lines need to be completed in order to fully describe a single scheme or where a scheme is funded by multiple funding streams (eg: iBCF and CCG minimum). In this case please use a consistent scheme ID for each line to ensure integrity of aggregating and analysing schemes.

On this sheet please enter the following information:

1. Scheme ID:

- This field only permits numbers. Please enter a number to represent the Scheme ID for the scheme being entered. Please enter the same Scheme ID in this column for any schemes that are described across multiple rows.

Scheme Name:

- This is a free field to aid identification during the planning process. Please use the scheme name consistently if the scheme is described across multiple lines in line with the scheme ID described above

3. Brief Description of Scheme

- This is free text field to include a brief headline description of the scheme being planned.

4. Scheme Type and Sub Type:

- Please select the Scheme Type from the drop-down list that best represents the type of scheme being planned. A description of each scheme is available at the end of the table (follow the link to the description section at the top of the main expenditure table).
- Where the Scheme Types has further options to choose from, the Sub Type column alongside will be editable and turn "yellow". Please select the Sub Type from the drop down list that best describes the scheme being planned.
- Please note that the drop down list has a scroll bar to scroll through the list and all the options may not appear in one view.
- If the scheme is not adequately described by the available options, please choose 'Other' and add a free field description for the scheme type in the column alongside.
- While selecting schemes and sub-types, the sub-type field will be flagged in 'red' font if it is from a previously selected scheme type. In this case please clear the sub-type field and reselect from the dropdown if the subtype field is editable.

5. Planned Outputs

- The BCF Planning requirements document requires areas to set out planned outputs for certain scheme types (those which lend themselves to delivery of discrete units of delivery) to help to better understand and account for the activity funded through the BCF.
- The Planned Outputs fields will only be editable if one of the relevant scheme types is selected. Please select a relevant unit from the drop down and an estimate of the outputs expected over the year. This is a numerical field.

6. Metric Impact

- This field is collecting information on the metrics that a chem will impact on (rather than the actual planned impact on the metric)
- For the schemes being planned please select from the drop-down options of 'High-Medium-Low-n/a' to provide an indicative level of impact on the four BCF metrics. Where the scheme impacts multiple metrics, this can be expressed by selecting the appropriate level from the drop down for each of the metrics. For example, a discharge to assess scheme might have a medium impact on Delayed Transfers of Care and permanent admissions to residential care. Where the scheme is not expected to impact a metric, the 'n/a' option could be selected from the drop-down menu.

7. Area of Spend:

- Please select the area of spend from the drop-down list by considering the area of the health and social system which is most supported by investing in the
- Please note that where 'Social Care' is selected and the source of funding is "CCG minimum" then the planned spend would count towards National Condition 2.
- If the scheme is not adequately described by the available options, please choose 'Other' and add a free field description for the scheme type in the column alongside.
- We encourage areas to try to use the standard scheme types where possible.

8. Commissioner:

- Identify the commissioning entity for the scheme based on who commissions the scheme from the provider. If there is a single commissioner, please select the option from the drop-down list.
- Please note this field is utilised in the calculations for meeting National Condition 3.
- If the scheme is commissioned jointly, please select 'Joint'. Please estimate the proportion of the scheme being commissioned by the local authority and CCG/NHS and enter the respective percentages on the two columns alongside.

9. Provider:

- Please select the 'Provider' commissioned to provide the scheme from the drop-down list.
- If the scheme is being provided by multiple providers, please split the scheme across multiple lines.

10. Source of Funding:

- Based on the funding sources for the BCF pool for the HWB, please select the source of funding for the scheme from the drop-down list
- If the scheme is funding across multiple sources of funding, please split the scheme across multiple lines, reflecting the financial contribution from each.

11. Expenditure (£) 2019/20:

- Please enter the planned spend for the scheme (or the scheme line, if the scheme is expressed across multiple lines)
- 12. New/Existing Scheme
- Please indicate whether the planned scheme is a new scheme for this year or an existing scheme being carried forward.

This is the only detailed information on BCF schemes being collected centrally for 2019/20 and will inform the understanding of planned spend for the iBCF and Winter Funding grants.

7. HICM (click to go to sheet

National condition four of the BCF requires that areas continue to make progress in implementing the High Impact Change model for managing transfers of care and continue to work towards the centrally set expectations for reducing DToC. In the planning template, you should provide:

- An assessment of your current level of implementation against each of the 8 elements of the model from a drop-down list
- Your planned level of implementation by the end March 2020 again from a drop-down list

A narrative that sets out the approach to implementing the model further. The Narrative section in the HICM tab sets out further details.

8. Metrics (click to go to sheet)

This sheet should be used to set out the Health and Wellbeing Board's performance plans for each of the Better Care Fund metrics in 2019/20. The BCF requires plans to be agreed for the four metrics. This should build on planned and actual performance on these metrics in 2018/19.

- 1. Non-Elective Admissions (NEA) metric planning:
- BCF plans as in previous years mirror the latest CCG Operating Plans for the NEA metric. Therefore, this metric is not collected via this template.
- 2. Residential Admissions (RES) planning:
- This section requires inputting the information for the numerator of the measure.
- Please enter the planned number of council-supported older people (aged 65 and over) whose long-term support needs will be met by a change of setting to residential and nursing care during the year (excluding transfers between residential and nursing care) for the Residential Admissions numerator measure.
- The prepopulated denominator of the measure is the size of the older people population in the area (aged 65 and over) taken from ONS subnational population projections.
- The annual rate is then calculated and populated based on the entered information.
- Please include a brief narrative associated with this metric plan
- 3. Reablement (REA) planning:
- This section requires inputting the information for the numerator and denominator of the measure.
- Please enter the planned denominator figure, which is the planned number of older people discharged from hospital to their own home for rehabilitation (or from hospital to a residential or nursing care home or extra care housing for rehabilitation, with a clear intention that they will move on/back to their own home).
- Please then enter the planned numerator figure, which is the planned number of older people discharged from hospital to their own home for rehabilitation (from within the denominator) that will still be at home 91 days after discharge.
- The annual proportion (%) Reablement measure will then be calculated and populated based on this information.
- Please include a brief narrative associated with this metric plan
- 4. Delayed Transfers of Care (DToC) planning:
- The expectations for this metric from 2018/19 are retained for 2019/20 and these are prepopulated.
- Please include a brief narrative associated with this metric plan.
- This narrative should include details of the plan, agreed between the local authority and the CCG for using the Winter Pressures grant to manage pressures on the system over Winter.

9. Planning Requirements (click to go to sheet)

This sheet requires the Health & Wellbeing Board to confirm whether the National Conditions and other Planning Requirements detailed in the BCF Policy Framework and the BCF Requirements document are met. Please refer to the BCF Policy Framework and BCF Planning Requirements documents for 2019/20 for further details.

The Key Lines of Enquiry (KLOE) underpinning the Planning Requirements are also provided for reference as they will be utilised to assure plans by the regional assurance panel.

- 1. For each Planning Requirement please select 'Yes' or 'No' to confirm whether the requirement is met for the BCF Plan.
- 2. Where the confirmation selected is 'No', please use the comments boxes to include the actions in place towards meeting the requirement and the target timeframes.

10. CCG-HWB Mapping (click to go to sheet)

The final sheet provides details of the CCG - HWB mapping used to calculate contributions to Health and Wellbeing Board level non-elective activity figures.

2. Cover Department of Health & Social Care

Version 1.2

Please Note:

- You are reminded that much of the data in this template, to which you have privileged access, is management information only and is not in the public domain. It is not to be shared more widely than is necessary to complete the return.

- Please prevent impropriative use by returning this information as restricted, refrain from passing information on to others and use it only for the purposes for which it is provided. Any accidental or wrangful release shauld be reported immediately and may lead to an inquiry. Wrangful release indications of the content, including such descriptions as "Journal's" in "University of the purposes of the content, including such descriptions as "Journal" in "Long and the provided in "University" in the purpose of the content, including such descriptions as "Journal" in "Long and the content, including such descriptions as "Journal" in the International data for please is intended for release in aggregate form once plans have been assured, agreed and baselined as per the due process outlined in the BCF Planning Requirements for 2019/16.

- This template is password protected to ensure data integrity and accurate aggregation of collected information. A resubmission may be required if this is breached.

Selected Health and Wellbeing Board: Blacknool

Please outline your approach towards integration of health & social care: When providing your responses to the below sections, please highlight any learning from the previo cover any priorities for reducing health inequalities under the Equality Act 2010.

n-centred outcomes proach to integrating care around the person, this may include (but is not limited proach to integrating care around the person, this may include (but is not limited proach to integrating care around the person, this may include (but is not limited proach to integrate the pr

with the Care Art 2014, Blackpool Council has a duty to promote prevention, and to reduce and/or delay the need for formal care and support services. As well as being an inherent element of the assessment, review and Safeguarding Adults processes, the universal information and advice service require.

Act 2014 is enabling those who can to maintain their own independence and wellbeing. Where formal care and support is needed, Blackpool Council provides services which promote person centred outcomes and choice. Compliance with the statutory duties set out in the Care Act 2014 has seen an in the number of assessments and carers assessments, and subsequently review, being undertaken by Blackpool Council. However, there is currently no waiting list for Adult Social Care assessments, and Blackpool Council will not be operating one. Reviews are largely up to date, and an addressed or years.

And the Care Act 2014 is expected in the care and the care and the care assessments, and Blackpool Council will not be operating one. Reviews are largely up to date, and an addressed or years.

CG and Bladgool Council have developed neighbourhood care teams, initially under Vanguard, which include multi-disciplinary habs based within our community to provide care and support for people in their preferred place. Co-location of health and social care disciplines in six hubs ensures that heal books are and support is personalized to an individual's needs. The neighbourhood teams include social workers and health and wellbeing workers, who can look at a variety of non-medical models to returne a person-centred, outcome based approach is in place. The integrated services continue to work well allow been required to the proposal prescription in the integration is planned with frailty, community stone rehabilishment with realty can be planned with frailty, community stone rehabilishments and provide options and signosting around prevention, self-care and independence. Some staff disciplines complete Patient Activation Monitoring (PAM) scores, and people's individual outcomes are recorded and them monitoring to the control of the control

assumences, minus, to many reserves me everopment and conveyy or schemes within our BLY. Putter relatin works alongside health and social care colleagues around all aspects of prevention and this is included in the clinical pathway work, e.g. finally, long term conditions. I/C partner organisations, under the prevention of the control of the control

e have already made significant progress, and continue to work together towards our 2020 aspirations:

Co-ordinated health and social care focused on the needs of the individual, so that people get appropriate help and support when they need it, where they need it,
 Co-located integrated team, with multi-professional leadership, based around clusters of CP practices coordinating primary, community and social care;
 Integrated teams that enable repla secons and direct referral to appropriate specifiest services;

Remaining Word Limit:

Blacipool Council and Blacipool CCG are key partners in the adoption and delivery of the Fylde Coast Self-Care Strategy 2017-2020. Prevention and self-care is at the heart of this strategy, which requires all partners across the Fylde Coast to look at innovative approaches to address the health inequalities that exist in our communities whilst responding to the prevalence increase in long-term conditions, including those with multi-motibility. We have already made good progress in working towards a vision of achieving greater levels of integrated services and self-care across Blackpool and the Fylde Coast. This work has been fully embedded within the delivery of the even worked or care indepleduanted ceases, and the four Firmary Care Networks (POIs), which became operationally buy 2015.

rganisations which commission and deliver services are becoming more joined-up across geographical 'places'. The change people experience most vividly is within neighbourhoods—geographical areas of typically 30,000 to 50,000 residents. The neighbourhood approach brings groups of GP practices togeth community health services, social care, mental health services, and others, to provide a joined-up health and wellbeing services. Working together in this joined-up way, the teams can make a complete assessment of a person's health, wellbeing and social needs and lisise with their colleagues to make sure the provided and the services, and others, to provide a joined-up health and wellbeing services. Working together in this joined-up way, the teams can make a complete assessment of a person's health, wellbeing and social needs and lisise with their colleagues to make sure the provided of the provided and the provided and the provided of the provided and the provided

re the right support.

Only PCNs include health coaching, assistive technology and health and wellbeing workers working with CP practices, and community health and social care professionals, to understanding of an individual's ability to contribute to the management of their own health and wellbeing. A Standard Operating ework is currently being developed to align the neighbourhood teams arous the Fide Coast, recogning that an integrated, multi-disciplinary appearance is central to designing patient eventred care plans and goals. This includes the development of a unique non-clinical role of a "Health and Wellbeing Support of the Coast, recogning that an integrated, and a wellbeing and her no recogning patient eventred care plans and goals. This includes the development of unique non-clinical role of a "Health and Wellbeing Support of the Coast, recogning patient eventred proports to supporting the individual.

alting Framework, overseeby by the Fjide Coast Integrated Primary and Community Care Transformation Group, mouses oce and nineed services winn not well. The Visit Early of Section 1 and 1 and

emaining Word Limit:

in line with the 2012 Department of Health guidance to NHS England on the funding transfer from the NHS to social care, the Local Authority and Health partners have agreed how funding is best used within Adult Social Care, and also the outcomes expected from investment. Improved BCF (IBCF) funding receive through the 2015 Spending Referew and the 2017 Spring Budget has been invested to meet the requirements of the 2017-19 Integration and Better Care Fund Policy Framework, the High Impact Changes for Managing Transfers of Care, and locally set outcomes. The BCF offers the opportunity to develop existing programmes of joint working, and to foster indegration between bealth, adult social care and other partners including bousing.

Council's Housing Plan for the Ageing Population 2017-2020 and Blackpool Council Housing Strategy 2018-2023 – Making Blackpool Better set out an integrated approach, involving Adult Social Care, Blackpool CCG, Public Health, VCS organisations and housing providers to enable people with disabilities and/or care needs to live independently. Key outcomes are which align to our Health and Wellbeing level approach are:

All older people living in Blackpool have access to warm, safe, secure and affordable homes enabling them to live independently wherever possible; information and advice is available to everyone, empowering them to make appropriate lifestyle choices; Notices and neighborhoods meet the current and future needs of Blackpoot's poolstoon and supports independence, health and wellbeing.

izations and technologies
pood Cauncil in partnership with housing providers has developed a new policy and procedure for adaptations, to streamline the process to reduce waiting time. The policy places a great emphasis on reviewing housing options with the applicant to determine whether a move would be a better option. The DFG
has been written to address some of the kieuses that cause unacceptable waiting times for residents. Some of the key improvement areas addressed in the policy are:
spring a 'necessary and appropriate' and 'reasonable and practicable' attitude to adaptations requested;
uring Occupational Theraptics are aware of and 'buy into' the notion of appropriateness and suitability when assessing residents.

ur assistive technology service, Vitaline, offers a range of services that are designed to keep people safe in their own home and thus enables them to live an independent lifestyle. They are currently supporting 5000 residents in Blactgood, provide a 24/7 telecare service and tailor services to meet individually designed assistive technology packages coupled with a personal mobile response to emergency colls. Equipment ranges from basic pendant alarms through to the very latest wireless controlled environmental sensor test a potential problem without the need of client input e.g. movement sensors that will 'know' if there has been no movement in a property – a possible indication of a fall. Vitaline forms part of Blactgood Council's Care Act assessment and are included in personal budgets where eligibility and finus sensors.

vel alignment, for example this may include (but is not limited to):

F plan and other plans align to the wider integration landscape, such as STP/ICS plans rejoint on joint governance arrangements for the BCF plan

584 Remaining Word Limit:

Blackpool sits within the Flydic Coast Integrated Care Partnership (ICP), Healthier Flydic Coast, one of five ICPs which make up the Lancashire and South Cumbria Integrated Care System (CS), Healthier Lancashire and South Cumbria.

The schemes within the Blackpool Better Care Fund align with the local and regional priorities, which are informed by the Care Act 2014 and the MIS tong Term Plan. Flydic Coast CCGs are working with patients, the public and partners - including local councils, the voluntary and community sector and social care—to develop local plans to turn the eatomal ambitions contained in the Long Term Plan into real improvements to services and outcomes for patients, building on the provises we've already made together over the last few years.

The Blackpool for the assisting governance arrangements in patient letter in the Distallacion Health and Wellbeing Board:

*The Health and Wellbeing Board is the accountable body for the BGT and receives quarterly reports from the Better Care Fund Minioting (on group, scrutnising and signing off quarterly submissions to NHS England, along with the approval of the overall BCF plan.

*The Health and Wellbeing Board is the accountable body for the BGT and receives quarterly reports from the Better Care Fund Minioting (on group, scrutnising and signing off quarterly submissions to NHS England, along with the approval of the overall BCF plan.

*The BGT Quality of Molitoring (on group is made up of representatives from Boddops of CGC and Blackpool CG

finances of the BCF are managed within a pooled fund created under the Section 75 agreement. Blackpool Council hosts the fund and provides regular financial reports to Senior Management and Executive Boards. The Health and Wellbeing Board has overall responsibility for performance managing and strong of a ctual income and expenditure in relation to the pooled fund. It has been agreed that those social care services that are evidence-based, that meet the BCF vision and deliver our locally defined outcomes will be included as part of the BCF. These exhemes are restricted to and listed as expenditure mes in the 2019/20 planning template. The schemes and glotal exhemes are detailed in a point of the BCF. Any proposed changes to schemes must be jointly agreed by all partner wing an evidence based recommendation which is then submitted to, and approved by, Executive Boards and the Health and Wellbeing Board prior to any changes taking place.

ished partnership arrangements are in place across the Fylde Coast health and social care economy, and Blackpool cor ing individual organisation accountabilities that are clear and manageable. butes to the governance and delivery of joint initiatives which impact on the BCF and beyond. A longer term challenge is to align with Lancashire and Blackburn with Da

7. High Impact Change Model

Selected Health and Wellbeing Board:

2	a	_	b	n	_	_	ı
31	d	С	κ	D	O	O	ı

Explain your priorities for embedding elements of the High Impact Change Model for Managing Transfers of Care locally, including:

- Current performance issues to be addressed
- The changes that you are looking to embed further including any changes in the context of commitments to reablement and Enhanced Health in Care Homes in the NHS Long-Term Plan
- Anticipated improvements from this work

As outlined elsewhere on this plan, Blackpool has well established multi-disciplinary teams working in our community and in Blackpool Teaching Hospital (BTH). The Hospital Discharge Team liaise closely with ward staff, patients and families to ensure that discharge to their preferred place can be planned effectively and take place as soon as possible. Our neighbourhood and Rapid Response teams provide support once discharge has taken place, to ensure success. They also reach into the acute setting to help facilitate discharge where appropriate, and participate in our 24/7 offer. Our Home First pathway is developing, and it is anticipated that it will be expanded prior to winter 2019 to enable up to 30 discharges per week across the Fylde Coast. The Fylde Coast Frailty pathway is

8. Metrics

Selected Health and Wellbeing Board:

Blackpool

8.1 Non-Elective Admissions

	19/20 Plan	Overview Narrative
		At month 3 2019/20 Blackpool Teaching Hospital, non-elective admission activity for
Total number of	Collection of the NEA metric	Blackpool has reduced by 16 cases. There has been a downward trend since the
specific acute	plans via this template is not	beginning of this planning cycle, and over 60% of our BCF schemes are expected to have
non-elective	required as the BCF NEA metric	a high or medium impact on reducing this activity further. A proportion of our iBCF
spells per	plans are based on the NEA CCG	funding has been used to enhance, extend and develop schemes to provide early
100,000	Operating plans submitted via	interventions of care to prevent hospital admissions, diverting people away from A&E.
population	SDCS.	Social workers are embedded in the Neighbourhood Teams across Blackpool, and whilst
		their role is not primarily about admission avoidance, they support holistic and timely

Please set out the overall plan in the HWB area for reducing Non-Elective Admissions, including any assessment of how the schemes and enabling activity for Health and Social Care Integration are expected to impact on the metric.

Plans are yet to be finalised and signed-off so are subject to change; for the latest version of the NEA CCG operating plans at your HWB footprint please contact your local Better Care Manager (BCM) in the first instance or write in to the support inbox:

ENGLAND.bettercaresupport@nhs.net

8.2 Delayed Transfers of Care

	19/20 Plan	Overview Narrative
Delayed Transfers of Care per day (daily delays) from hospital (aged 18+)	13.8	All of our recorded figures for Delayed Transfers of Care (DTOC) are currently below the nationally imposed targets, and they continue to move in the right direction – reduced numbers of DToCs relating to a smaller number of patients and typically for shorter periods. The majority of DToCs are towards the end of relatively short and unplanned hospital stays with limited scope for early discharge planning. There are several events which take place within hospital settings to ensure that patients are discharged in as timely a manner as possible: • 'long-stay Tuesday' takes an MDT approach to all patients with a length of stay over 7 days to identify why they are still in hospital and to facilitate discharge where appropriate;

Please set out the overall plan in the HWB area for reducing Delayed Transfers of Care to meet expectations set for your area. This should include any assessment of how the schemes and enabling activity for Health and Social Care Integration are expected to impact on the metric. Include in this, your agreed plan for using the Winter Pressures grant funding to support the local health and care system to manage demand pressures on the NHS, with particular reference to seasonal winter pressures.

Please note that the plan figure for Greater Manchester has been combined, for HWBs in Greater Manchester please comment on individuals HWBs rather than Greater Manchester as a whole. Please note that due to the merger of Bournemouth, Christchurch and Poole to a new Local Authority will mean that planning information from 2018/19 will not reflect the present geographies.

8.3 Residential Admissions

		18/19 Plan	19/20 Plan	Comments
	Annual Rate			Our stretch target has been set taking into account recent
Long-term support needs of older	Alliudi Kate	933	876	performance and current pressures. We anticipate we will
people (age 65 and over) met by	Neuronatan			achieve targets due to the impact of our investment of the
admission to residential and nursing	Numerator	265	249	iBCF into schemes which focus on enabling people to live
care homes, per 100,000 population	D			well at home for longer, and will complement existing
	Denominator	28,402	28,419	schemes within the BCF.

Please set out the overall plan in the HWB area for reducing rates of admission to residential and nursing homes for people over the age of 65, including any assessment of how the schemes and enabling activity for Health and Social Care Integration are expected to impact on the metric.

Long-term support needs of older people (age 65 and over) met by admission to residential and nursing care homes, per 100,000 population (aged 65+) population projections are based on a calendar year using the 2016 based Sub-National Population Projections for Local Authorities in England;

Please note that due to the merger of the Bournemouth, Christchurch and Poole Local Authorities, this will mean that planning information from 2018/19 will not reflect the present geographies.

Please set out the overall plan in the HWB area for increasing the proportion of older people who are still at home 91 days after discharge from hospital into reablement/rehabilitation, including any assessment of how the schemes and enabling activity for Health and Social Care Integration are expected to impact on the

Please note that due to the merger of the Bournemouth, Christchurch and Poole Local Authorities, this will mean that planning information from 2018/19 will not reflect the present geographies.

9. Confirmation of Planning Requirements

Selected Health and Wellbeing Board: Blackpool

Theme	Code	Planning Requirement	Key considerations for meeting the planning requirement These are the Key Lines of Enquiry (KLOEs) underpinning the Planning Requirements (PR)	Please confirm whether your BCF plan meets the Planning Requirement?	Please note any supporting documents referred to and relevant page numbers to assist the assurers	Where the Planning requirement is not met, please note the actions in place towards meeting the requirement	Where the Planning requirement is not met, please note the anticipated timeframe for meeting it
	PR1	A jointly developed and agreed plan that all parties sign up to	Has a plan; jointly developed and agreed between CCG(s) and LA; been submitted? Has the HWB approved the plan/delegated approval pending its next meeting? Have local partners, including providers, VCS representatives and local authority service leads (including housing and DFG leads) been involved in the development of the plan? Do the governance arrangements described support collaboration and integrated care? Where the strategic narrative section of the plan has been agreed across more than one HWB, have individual income, expenditure, metric and HICM sections of the plan been submitted for each HWB concerned?	Yes	The plan has been signed off by the Chair of the Health and Wellbeing Board on behalf of the Board. It will be ratified by the Board at their next meeting on 5/12/19.		
NC1: Jointly agreed plan	PR2	A clear narrative for the integration of health and social care	Is there a narrative plan for the HWB that describes the approach to delivering integrated health and social care that covers: - Person centred care, including approaches to delivering joint assessments, promoting choice, independence and personalised care? - A clear approach at HWB level for integrating services that supports the overall approach to integrated care and confirmation that the approach supports delivery at the interface between health and social care? - A description of how the local BCF plan and other integration plans e.g. STP/ICSs align? - Is there a description of how the plan will contribute to reducing health inequalities (as per section 4 of the Health and Social Care Act) and to reduce inequalities for people with protected characteristics under the Equality Act 2010? This should include confirmation that equality impacts of the local BCF plan have been considered, a description of local priorities related to health inequality and equality that the BCF plan will contribute to addressing. Has the plan summarised any changes from the previous planning period? And noted (where appropriate) any lessons learnt?	Yes	Joint Health and Wellbeing Strategy for Blackpool 2016- 2019 Fylde Coast Self-Care Strategy 2017-2020		
	PR3	A strategic, joined up plan for DFG spending	Is there confirmation that use of DFG has been agreed with housing authorities? Does the narrative set out a strategic approach to using housing support, including use of DFG funding that supports independence at home. In two tier areas, has: - Agreement been reached on the amount of DFG funding to be passed to district councils to cover statutory Disabled Facilities Grants? or - The funding been passed in its entirety to district councils?	Yes	Blackpool Council's Housing Plan for the Ageing Population 2017-2020 Blackpool Council Housing Strategy 2018-2023 – Making Blackpool Better		
NC2: Social Care Maintenance	PR4	A demonstration of how the area will maintain the level of spending on sood care services from the CCG minimum contribution to the fund in line with the uplift in the overall contribution	Does the total spend from the CCG minimum contribution on social care match or exceed the minimum required contribution (auto-validated on the planning template)?	Yes			
NC3: NHS commissioned Out of Hospital Services	PR5	Has the area committed to spend at equal to or above the minimum allocation for NHS commissioned out of hospital services from the CCG minimum BCF contribution?	Does the total spend from the CCG minimum contribution on non-acute, NHS commissioned care exceed the minimum ringfence (auto-validated on the planning template)?	Yes			
NC4: Implementation of the High Impact Change Model for Managing Transfers of Care	PR6	Is there a plan for implementing the High Impact Change Model for managing transfers of care?	Does the BCF plan demonstrate a continued plan in place for implementing the High Impact Change Model for Managing Transfers of Care? Has the area confirmed the current level of implementation and the planned level at March 2020 for all eight changes? Is there an accompanying overall narrative setting out the priorities and approach for ongoing implementation of the HICM? Does the level of ambition set out for implementing the HICM changes correspond to performance challenges in the system? If the current level of implementation is below established for any of the HICM changes, has the plan included a clear explanation and set of actions towards establishing the change as soon as possible in 2019-20?	Yes			
Agreed expenditure plan for all elements of the BCF	PR7	Is there a confirmation that the components of the Better Care Fund pool that are earmarked for a purpose are being planned to be used for that purpose?	Have the planned schemes been assigned to the metrics they are aiming to make an impact on? Expenditure plans for each element of the BCF pool match the funding inputs? (auto-validated) Is there confirmation that the use of grant funding is in line with the relevant grant conditions? (tick-box) Is there an agreed plan for use of the Winter Pressures grant that sets out how the money will be used to address expected demand pressures on the Health system over Winter? Has funding for the following from the CCG contribution been identified for the area? - Implementation of Care Act duties? - Funding dedicated to carer-specific support? - Reablement?	Yes			
	PR8	Indication of outputs for specified scheme types	Has the area set out the outputs corresponding to the planned scheme types (Note that this is only for where any of the specified set of scheme types requiring outputs are planned)? (auto-validated)	Yes			
Metrics	PR9	Does the plan set stretching metrics and are there clear and ambitious plans for delivering these?	Is there a clear narrative for each metric describing the approach locally to meeting the ambition set for that metric? Is there a proportionate range of scheme types and spend included in the expenditure section of the plan to support delivery of the metric ambitions for each of the metrics. Do the narrative plans for each metric set out clear and ambitious approaches to delivering improvements? Have stretching metrics been agreed locally for: - Metric 2: Long term admission to residential and nursing care homes - Metric 3: Proportion of older people (65 and over) who were still at home 91 days after discharge from hospital into reablement	Yes
